TROOPS MOVED TO CAPTURE PETROGRAD TO-DAY

COALITION CABINET IN ONTARIO WILL FOLLOW THE GENERAL ELECTION

United Farmers, With Forty-Three Members, Will Have Largest Single Party in Legislature; New Government Will Be a Fusion

Toronto, Oct. 21.—The largest single party in the Ontario Legislature created by the general election yesterday will be that of the United Farmers of Ontario, who elected forty-three of the 111 members of the House. The farmers, by an alliance with either of the older parties and the labor members, can command a large working majority. Just what will be the next Government of Ontario it is impossible to foresee at this time. It is doubtful if the point will be settled until the new Legislature meets. As the matter stands, the Conservative Government of Sir William Hearst will remain in power until the House meets.

If in the intervening time the Premier has not succeeded in reaching a working agreement with any other party in the House

BIG MAJORITY FOR A "DRY" ONTARIO

Voters Decided Yesterday to Continue System of Prohibition

Toronto, Oct. 21.—The results of the prohibition referendum throughout Ontario as compiled up to noon were:

Question 1—Yes, 161,466; no, 210,242; majority, 48,776.
Question 2—Yes, 175,221; no, 197,422; majority, 22,201.
Question 3—Yes, 168,453; no, 203,217; majority, 34,764.
Question 4—Yes, 185,305; no, 193,691; majority, 9,696.

Overwhelming.
Toronto, Oct. 21.—Ontario goes "dry" by an overwhelming majority. The counting of the ballots in the political campaign has priority over the referendum count, and therefore the figures on the latter vote were incomplete this morning. It is already evident, however, that the majority in favor of prohibition will be huge.

Urban Centres.
With the object of ascertaining the extent of the sweeping prohibition victory, a summary was made of sixteen urban centres, including Toronto, Hamilton, Ottawa, Windsor and other cities where not only on the side of prohibition. This estimate gives ample "no" majorities for questions No. One and No. Three, upon which the closing of the bars and private liquor shops hinges. In regard to questions No. Two and No. Four, providing for Government sale of light beer and spirits in Government shops, small majorities were given for Government sale.

Big Majorities.
Throughout the province generally, however, and in rural ridings especially, the prohibition sweep is overwhelmingly great, some having voted three to one in favor of prohibition. Other incomplete reports indicate that the prohibition majority is general throughout the country. Along the Niagara frontier, where there had been fear that a heavy vote in favor of the restoration of license would be cast, safe majorities for prohibition are reported. The north also voted dry. Kitchener was one of the outstanding "wet" constituencies. (Concluded on page 16.)

President Wilson Holds His Own, Say Attending Doctors

Washington, Oct. 21.—President Wilson's physicians announced today that while he did not sleep so well last night he showed no signs of fatigue this morning and that the prostatic condition was unchanged. The bulletin follows:
"White House, October 21, 11:25 a.m.
"The President's prostatic condition remains as before. Chemical examination of the blood shows no change. He did not sleep so well last night, but shows no signs of fatigue this morning."

SCHOOLS OF DOMINION AS RACIAL HARMONY PROMOTERS

Winnipeg, Oct. 21.—The proposal presented to the National Educational Conference yesterday by John Boyd, Montreal, president of the Canadian National League, has excited keen interest. With a view to promoting racial harmony in Canada through the schools, he proposes that a series of books be written by Canadian authors presenting true Canadian ideals; that the Premiers of all the provinces shall form an honorary committee to promote national unity; that this committee shall appoint a board or jury composed of the Ministers of Education or educationalists from each province to judge works to be written suitable for prizes or textbooks for the schools of all the provinces, so that all Canadian children may

OTTAWA'S OPINION ON BY-ELECTIONS

Victoria and North Ontario Expected to Return Unionists

Interest in Capital in Ridings Where Farmers Are Standing

Ottawa, Oct. 21.—The disposition in political circles here is to concede Victoria, B.C., and North Ontario to the Unionists, which, including Kingston, would give the Unionists three of the eight seats vacant in the House of Commons.

It is thought that Gould, the farmer candidate, is certain of election in Assiniboia, Sask., over W. E. Motherwell, and that Kennedy, the farmer candidate in Glengarry, Ontario, is quite likely to head the poll. Less is known here as to the situation in Carleton, N.B., where, owing to the failure of the women candidates to secure nomination, the fight lies between Caldwell, the farmer candidate, and Colonel Melville, Unionist, who has but recently entered the field.

Should the farmers carry the Carleton seat, the standing on election day would be: Unionists, three; farmers, three, and Liberals, two. Should North Ontario and Carleton both go to the farmer candidates, the farmers would represent half of the eight seats for which writs were issued and the Unionists and Liberals would divide the other half equally between them.

SAYS ELECTION WAS DECIDED BY UNREST

Toronto Mail and Empire Comments on Result in Ontario

Toronto, Oct. 21.—Under the caption "Unrestful Voting," The Mail and Empire, Conservative, dealing with the Ontario general election yesterday, says:

"The election, with all its singularities, is the consequence of unrest. The policy of the Government that received most attention in the contest was approved at the polls, but it did not win the support of the people for the Government's candidates. A great part of those who voted to continue the Government's war-time legislation in restraint of the liquor traffic voted against the candidates of the Government. Conservative legislators are used to that kind of treatment at the hands of temperance voters."

"Then the women, who owe the franchise they exercised in this election to the Hearst Government, in many cases voted only for the temperance legislation and omitted to vote for candidates or preferred those who were opposed to the Government."

U.S. CABINET MEETS

Washington, Oct. 21.—President Wilson's Cabinet held its usual weekly meeting at the White House today with Secretary Lansing presiding.

FRENCH SEND GERMANS BACK TO GERMANY

Paris, Oct. 21.—The first interned German civilians to be permitted to return to their native land left France yesterday, the party consisting of 370. On November 2 the remainder of the interned Germans, estimated to number about 5,000, will leave for Germany.

GERMAN-MADE SCHEME FOR UPRISING IN ALSACE NIPPED

Paris, Oct. 21.—Plans for a revolt in Alsace, to take place November 9, have been discovered at Strasbourg, according to The Echo de Paris. The alleged arch-conspirator, an engineer named Koessler, has been arrested, with two accomplices, and it is said that a leader of a Socialist union, a former Alsatian Deputy and a French Socialist are believed to be implicated.

A search of Koessler's residence is reported to have revealed a large number of propaganda pamphlets and a fund of 35,000 marks. The revolt was to be called on the day that a Communist uprising in Germany is said to be planned.

LOAN ORGANIZATION IS NOW PERFECTED

Names of Men Who Will "Put Over" Victory Loan Here Announced To-day

The names of the men who will start to "put over" the Victory Loan in Victoria beginning next Monday were announced at the Loan headquarters to-day. The exact personnel of each bond-selling team has not been determined yet, but will be decided at a general meeting of the canvassers to-morrow at noon.

The following are the gentlemen who will wage the victory campaign: J. Mowat, J. S. Murray, George Brown, Charles Brown, J. W. Hudson, R. W. Hunter, C. A. Duffield, P. B. Macleod, F. N. Kilner, H. T. Knott, Alfred Dowell, H. S. Webb, A. Peden, F. A. Attwell, F. H. Williams, George Brady, H. V. Greaves, G. A. Duncan, H. Butler, R. O. P. Brook, Kenneth Ferguson, R. E. Shanks, H. L. Birch, W. S. Brown, W. E. G. McLagan, R. W. Carnall, C. E. Hildreth, J. H. C. Ingrass, H. Briggs, Fred White, Arthur Dowell, J. R. McKenzie, J. H. Talling, H. Henderson, R. B. Robinson, Capt. Burns, A. McKeachie, F. T. Graham, D. W. Bates, J. A. Barron, R. M. Ferguson, Alex. Ferguson, P. E. Wells, C. H. McMillan, W. McLeach, C. R. Fawcett, J. Butler, Capt. Hyndman, P. Lewin, Mr. Shimmis, S. J. Charman, R. Armistead, M. M. S. Bell, I. B. Beales, W. G. Martin, L. G. Taylor, H. Hastings, S. Petch, T. Gillar, G. C. McLeod, H. S. Webb, C. C. Pemberton, E. G. Newman, Lieut. Hutchison, C. G. S. Duncan.

The Loan team for the most part will be headed by veterans of last year's drive who know well the business of ferreting out idle dollars for the nation's use. On each team of four men there will be two returned soldiers, who thus will be given opportunity to reap the commissions allowed on the sale of bonds. The organization, if anything, is stronger than that of last year when Victoria far surpassed the performance expected of her.

Allied Troops Sent Into Eastern Thrace to Do Police Duty

Salonica, Oct. 20.—Via London, Oct. 21.—Great enthusiasm has been aroused in Greek Macedonia by the appearance of Allied forces which are moving into Eastern Thrace to police the country after the retirement of the Bulgarian troops. Thousands of Thracian refugees are returning to their homes following their long exile during the war.

Rioting in Mill of Pittsburg To-day

Pittsburg, Oct. 21.—Rioting broke out in the steel mill district at Brad-dock shortly after noon. According to reports received by the police here, a mob of 1,000 persons gathered in the vicinity of the plants, and fighting resulted in which a number of rioters were injured. One state trooper was seriously hurt, and brought to a hospital here. A troop of state police was rushed to the scene from Rankin, nearby.

Forty Miners Lost Lives in Disaster in Cornwall To-day

Penzance, Eng., Oct. 21.—A disaster in the Levant mine at St. Just, Cornwall, to-day, caused about forty deaths. Many miners were injured.

Count Terauchi, Former Premier of Japan, Dies

Tokyo, Oct. 20.—Field Marshal Count Saito Terauchi, former Premier of Japan, died to-day.

A VICTORY FOR THE PROGRESSIVES

Mackenzie King's Comment on Result of Ontario Election

Ottawa, Oct. 21.—Commenting on the result of the Ontario general election this morning, Hon. W. L. Mackenzie King, Liberal Leader in the Federal House, said:

"It looks like the handwriting on the wall. It is a victory for the progressive forces arrayed against the reactionary forces of Toryism in Ontario. The results reveal a determination on the part of the electors to replace a self-constituted and self-perpetuated executive by a Parliament that will represent the will of the people."
Mr. King said he was not certain as to when he would take his place in the Commons as the result of acclamation given him in Prince, P. E. I. The matter was in the hands of the Government, he stated.
In the corridors of the House of Commons it was stated that Sir Henry Drayton, elected by acclamation for Kingston, would be in the House this week and that Mr. King would be able to take his seat early next week as soon as the writs reach the Clerk of the Crown in Chancery.

Germany Inquiry

Berlin, Oct. 20.—via London, Oct. 21.—The committee which will investigate responsibility of various German officials for the war will meet to-day and it is understood that Count von Bernstorff, former German Ambassador to the United States, will be the first witness to be examined and will explain some of his experiences in the United States. Admission for press representatives is limited to twenty-two. Each foreign agency will receive a seat.

REPORT ON RE-ESTABLISHMENT READY FOR OTTAWA COMMONS

Ottawa, Oct. 21.—The special committee of the House, which has been dealing with the soldiers' problems is holding what may prove to be its final meeting to-day. It is possible that the committee may bring down its report in the House to-night, and at the latest some time to-morrow.

Hon. J. A. Calder, Minister of Immigration and Colonization, has given notice that he will introduce on Wednesday a bill to amend the Immigration Act. The purpose of the amendment is to provide transportation facilities for persons who do nearly all their work on the trains, whose privileges in this respect were curtailed by the amendments to the Railway Act passed last session reducing facilities for free transportation.

Count Terauchi, Former Premier of Japan, Dies

Count Terauchi Dies in Tokio

Was Premier of Oriental Country From Oct. 1916, to Sept., 1918

Tokyo, Oct. 20.—Field Marshal Count Saito Terauchi, former Premier of Japan, died to-day.

Count Terauchi was Premier of Japan from October, 1916, to September, 1918, when the Cabinet which he headed resigned. The foreign policy of the Ministry had been under attack for some time and in the summer of 1918 rice riots brought to the front the charge that the Government was responsible in that it had failed to have suitable economic legislation enacted. The Terauchi Cabinet was succeeded by the present Ministry with Takahashi Hiro as Premier.

ALLIED MILITARY CHIEFS TO DECIDE

Will Fix Treaty Ratification Exchange Date, Says Paris Paper

Paris, Oct. 21.—The Supreme Council has decided to entrust to the military authorities of the Allied Powers the duty of fixing a date for depositing ratifications of the treaty of peace with Germany, which date will mark the coming into force of the convention, according to The Echo de Paris.

Race in States
Sacramento, Cal., Oct. 21.—Captain Lowell H. Smith, a contestant in the coast-to-coast aeroplane race, reached Mather Field, his home station, at 8:27 this morning from Reno. He left Mather Field for San Francisco at 8:56 a.m.

At San Francisco.
San Francisco, Oct. 21.—Captain Lowell H. Smith arrived here at 9:50 (unofficial time) to-day, being the first of the fliers who started from San Francisco to return home.

LOG KILLS MAN

Everett, Wash., Oct. 21.—Patrick Hoar was killed and Richard Johnson seriously hurt late yesterday at Snohomish County Logging Company's camp near Cathlamet when they were crushed by a log. Both were loggers and came to the camp from Seattle.

TO-DAY SET FOR TAKING OF PETROGRAD BY MEN OF YUDENITCH'S FORCE

Leader Said in Telegram to American Minister at Stockholm That He Expected to Wrest City From the Bolsheviks To-day

Stockholm, Oct. 21.—The United States minister here, I. N. Morris, has received a request by telegraph from General Yudenitch and Premier Lianozov, of the Government of Northwest Russia, urging the United States to send food and other necessities for Petrograd, which General Yudenitch said he expected to take to-day. The request was forwarded to Washington.

Amsterdam, Oct. 21.—Commissary Zinevief, the chief Bolshevik Government representative in Petrograd, has withdrawn from that city, taking with him all men able to bear arms, according to reports to the German press. The official documents and cash, it is declared, have been taken to Moscow.

Helsingfors, Oct. 21.—The Bolshevik forces concentrated at Gdoff, on Lake Peipus, which constituted a most serious threat to the rear of General Yudenitch, have been dispersed. This removes the menace of an advance against the communications of the anti-Bolshevik forces now before Petrograd, which War Minister Trotsky was reported to have declared recently would decide the fate of the city rather than the defence of the old capital itself.

New Ambassador to the United States Reaches New York

New York, Oct. 21.—Phylla Proba Karavongse, Siamese Ambassador to the United States, arrived here to-day on the steamship Vauban from Southampton.

BRITISHER STARTS ON AUSTRALIAN FLIGHT

Aviator Matthews Leaves London Region For Trip to Commonwealth

London, Oct. 21.—Captain George Matthews, a former sailor who turned aviator, set off from the suburb of Hounslow to-day for an aeroplane flight to Australia in an effort to win the prize of £10,000 offered by the Commonwealth Government for the feat. The start was made at 11:44 a.m.

Lieut. Brown.
San Francisco, Oct. 21.—Lieut. W. C. Brown, with Cpl. E. J. Robins as observer, left here at 7:51 a. m. for his starting point at Mineola, N. Y., in the army's trans-continental air derby.

Race in States
Sacramento, Cal., Oct. 21.—Captain Lowell H. Smith, a contestant in the coast-to-coast aeroplane race, reached Mather Field, his home station, at 8:27 this morning from Reno. He left Mather Field for San Francisco at 8:56 a.m.

At San Francisco.
San Francisco, Oct. 21.—Captain Lowell H. Smith arrived here at 9:50 (unofficial time) to-day, being the first of the fliers who started from San Francisco to return home.

LOG KILLS MAN

Everett, Wash., Oct. 21.—Patrick Hoar was killed and Richard Johnson seriously hurt late yesterday at Snohomish County Logging Company's camp near Cathlamet when they were crushed by a log. Both were loggers and came to the camp from Seattle.

REPORT ON RE-ESTABLISHMENT READY FOR OTTAWA COMMONS

Ottawa, Oct. 21.—The special committee of the House, which has been dealing with the soldiers' problems is holding what may prove to be its final meeting to-day. It is possible that the committee may bring down its report in the House to-night, and at the latest some time to-morrow.

Hon. J. A. Calder, Minister of Immigration and Colonization, has given notice that he will introduce on Wednesday a bill to amend the Immigration Act. The purpose of the amendment is to provide transportation facilities for persons who do nearly all their work on the trains, whose privileges in this respect were curtailed by the amendments to the Railway Act passed last session reducing facilities for free transportation.

PRAIRIE THRESHING NEARLY COMPLETED

Winnipeg Free Press Issues Annual Report on Grain Crop

Winnipeg, Oct. 21.—The annual report of the Winnipeg Free Press on crop conditions to-day states that threshing is ninety-five per cent. completed in the three prairie provinces, and the damage from sprouting due to damp, warm weather is apparently very small. The largest individual loss reported from any district was thirty per cent., but the great majority of reports declared there was little sprouting and that at the worst it meant only the loss of one grain.
Sixty-six points in Manitoba reported an average yield of probably seventeen bushels to the acre. Reports from Saskatchewan and Alberta did not indicate any material change in the estimated yield as given in the last report, but the Alberta returns did not include figures from Peace River, where the Government has estimated high yields.

We now have a shipment of the

TYRRELL J.B.L. CASCADE

NEW ARGUMENT FOR INCREASED POPULATION

New York, Oct. 21.—A plea for motherhood out of wedlock was made yesterday at the International Conference of Women Physicians by Dr. Anna Moutet, of France.

"In a country the population of which is decreasing, it is important to favor the rate of birth by every means to do away with all obstacles in the protection of all children indiscriminately," she said. "Motherhood outside of marriage must no longer be held as a disgrace. The girl-mother should be lifted. If irregular birth is no longer a disgrace

to the child, neither must it be a dishonor to the mother."

TRADE IN FUR.

Prince Rupert, Oct. 21.—M. Cullin, of Australia, prominent in the fur trade, who has been attending sales in St. Louis and New York, passed through here last night en route to Vancouver. He mentioned the possibilities of the fur posts in North British Columbia.

As Influenza is an exaggerated form of Grip, LAXATIVE BROMO QUININE Tablets should be taken in larger doses than is prescribed for ordinary Grip. A good plan is not to wait until you are sick, but PREVENT IT by taking LAXATIVE BROMO QUININE Tablets in time.

ENGINEER VISITS COWICHAN MINES

Brewer, Provincial Official, Sees Service's and Other Properties

Duncan, Oct. 21.—Some of the Cowichan mines have been visited during the past week by William M. Brewer, Resident Engineer of Western Mineral Survey District No. 6. One of the mines visited was the gold-copper mine owned by Mr. Service near the headwaters of the Chemainus and Nanaimo Rivers. This body of ore, which is also near Cottonwood Creek, which falls into Cowichan Lake, will be tributary to Cowichan Lake and Mr. Brewer's report will show the best way to reach it by trail. Tunneling to a depth of fifty feet has been done, and the ore is exceedingly high grade—\$105 a ton. The Trail company has sent experts to report on this mine, and their reports are very satisfactory.

Forward Movement.

Within the past few months all the mines of Cowichan have taken a step forward. On the C. N. R. rails have been laid as far north as the Koksilah River where forty men are now at work. Grading has been done beyond the northwestern boundary of Cowichan on the Nidnat River, and a few bridges still are to be built in this section. This line will be of tremendous value in opening up this most rich and practically undeveloped section.

A review of what is being done in the other Cowichan mines may be of interest. Sicker and Tyee are alive again. A 50-foot shaft has been sunk in the neighborhood of the old Lenora mine. G. E. D. Turner, of Butte, Montana, is in charge with New York capital behind him.

Behind Mount Brenton and north of the Chemainus River, in the copper schist belt, is a mine being developed by a strong company under the supervision of Mr. Levensaller, who managed the Guggenheim properties in Alaska. This is very rich, and a very large ore body is anticipated. If hopes are realized this one mine alone will give employment to 1,000 men when the property is developed, and a comprehensive hydro-electric programme has been mapped out by the company.

Water Power.

This company is applying for the water power of the whole Chemainus river. Mr. Palmer, of the Victoria Lumber Company, and a number of American capitalists are behind the scheme. The lumber company has had rails laid for logging operations

Heintzman & Co.

The Distinctive Tone of the Piano or Player-Piano has made them essentially the choice of the home as well as of the artist.

Heintzman & Co., Ltd.

GIDEON HICKS, Manager
Opposite Post Office
Phone 1241

In the vicinity of this mine, which is within easy reach of the sea front. The Blue Grouse mine, on the southwestern side of Cowichan Lake also is a gold-copper proposition and has shipped a considerable tonnage of high grade ore to Ladysmith, Trail and Tacoma. The work has been done by diamond drilling. This mine is now idle pending negotiations with the Consolidated Mining Company, whose headquarters are at Trail. This company is practically a subsidiary to the C. P. R., its members being C. P. R. men. Ore from the Blue Grouse has been shipped over the Cowichan Lake branch of the C. P. R.

Copper.

To a small extent work is being done on the King Solomon or Findlay mines on the Koksilah. These furnish copper of a good grade.

There are two splendid manganese mines in the district, both of which were discovered by Mr. Service. Hill No. 50, operated by the British Columbia Manganese Company, is sending regular shipments to Tacoma of high grade ore. This mine is situated a short distance from the eastern end of Cowichan Lake branch of the C. P. R.

On Shaw Creek.

The other manganese proposition is Shaw Creek just on the northern boundary of Cowichan at the northwestern end of Cowichan Lake, and hopes are high that it will prove a very valuable mine.

In several places throughout the district magnetic iron ore is known to exist and there are rumors in the air that the discovery of a high grade deposit of considerable magnitude may be announced shortly.

Duncan Fair.

Duncan, Oct. 21.—The net proceeds of the refreshments at the recent Fall Fair here were over \$388. Of this amount a percentage of \$34 goes to the Agricultural Society, and \$83.55 to each of the four ladies' societies that did the catering.

For Girl Guides.

A progressive auction bridge drive was held under the auspices of the Girl Guides' committee on Saturday evening in the Troubadour Hotel, kindly lent for the occasion by F. H. Price. Over \$20 was cleared for the Guides and an enjoyable time was spent. Miss D. Geoghan and Mrs. Allen were winners of the ladies' prizes.

SILVER COINS IN FRANCE DISAPPEAR

Paris, Oct. 21.—The disappearance of silver money from circulation in France has resulted in such a shortage of small change that many restaurants in Paris have posted notices that customers must make their change or accept postage stamps in place of silver.

There appeared to-day in the Official Journal a new law providing a penalty of from ten days to six months' imprisonment and a fine of from 100 to 500,000 francs for persons convicted of melting, re-casting or otherwise demonetizing French specie. To these penalties is added confiscation of any metal seized.

The disappearance of silver is variously explained. A prominent banker said yesterday that the principal cause was the fact that the principal silver coins is worth more than the face value of the coin, making it profitable for people using silver in the arts and industries to melt coin instead of silver bars. Another explanation is that importers find it their advantage to pay for their purchases from countries like Switzerland in silver, which commands a premium over paper money. A third explanation is the tendency of peasants to accumulate silver, as they formerly did gold when gold was in circulation.

Still another theory is that the enormous increase in admissions to the racetracks, which are paid largely in silver coin, has resulted in the concentration of immense sums of silver in the hands of a few persons. A majority of the authorities, however, are of the opinion that speculation and the use of silver money for industrial purposes are the principal causes.

THE FLU' IS HERE

Are You Well Enough to Resist It?

We all know the deadly danger of influenza, once the germs have found a breeding place within our bodies. What some of us do not realize is the ease with which we can make ourselves immune from the ravages of 'flu.

Good health is the enemy of disease germs. Keep the blood pure, digestion sound, liver active and kidneys regular; avoid crowded places; take the fresh air as much as possible; and there is not much likelihood of your coming down with influenza.

Make sure that the general system is kept in the best possible condition by taking a glass of Abbey's Effervescent Salt every morning. This reliable saline—so pleasant to the taste, and so invigorating in its action—cleanses the body of all impurities and so keeps up the strength and vitality that the system has the power to resist disease.

GERMANS BUILDING HYDROAEROPLANES

Geneva, Oct. 20.—via London, Oct. 21.—The aeroplane factory established by the late Count Zeppelin at Friedrichshafen is now busily engaged turning out hydro-aeroplanes and small fast dirigible balloons for export, it is asserted in Swiss newspapers.

Lieutenant Frick, a Swiss aviator, recently purchased one of the hydro-aeroplanes in question, in which he flew from Friedrichshafen to Zurich, completing the flight of ninety-five miles in thirty-eight minutes. The wings of the plane, which carries a cabin accommodating six persons comfortably, have a spread of sixty-three feet.

RHEUMATISM FOR OVER 16 YEARS

No Return of the Trouble Since Taking "Fruit-a-tives"

103 Church St., Montreal.

"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicines; used lotions; but nothing did me good. Then I began to use 'Fruit-a-tives,' and in 15 days the pain was easier and the Rheumatism much better. Gradually, 'Fruit-a-tives' overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

P. H. McHUGH.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

DEBT OF BRITAIN AND WAR PROFITS

Movement to Tap Profits For Payment Is Gaining Headway

London, Oct. 21.—The movement for the payment of part of the war debt of the United Kingdom by a general levy on war profits, started recently, has grown to such volume that it promises to command much attention from Parliament.

Several of the leading newspapers have taken up the idea.

The pith of the new plan is to take away from the merchants, contractors and others who made fortunes in the war amounts representing the difference between their war-time gains and their normal gains.

Plymouth.

London, Oct. 21.—Viscount Astor's death causes Major Waldorf Astor's elevation to the House of Lords, involving an election in the Sutton division of Plymouth.

Lady Astor.

London, Oct. 21.—It is suggested that the new Lady Astor might be asked to contest the seat in Parliament for Plymouth in succession to her husband, Waldorf, who now becomes Viscount Astor, says The Daily Mail.

The newspaper adds that "apparently there is nothing to prevent a peeress from being returned to the House of Commons, women now being eligible."

THE FLU' IS HERE

We all know the deadly danger of influenza, once the germs have found a breeding place within our bodies. What some of us do not realize is the ease with which we can make ourselves immune from the ravages of 'flu.

Good health is the enemy of disease germs. Keep the blood pure, digestion sound, liver active and kidneys regular; avoid crowded places; take the fresh air as much as possible; and there is not much likelihood of your coming down with influenza.

Make sure that the general system is kept in the best possible condition by taking a glass of Abbey's Effervescent Salt every morning. This reliable saline—so pleasant to the taste, and so invigorating in its action—cleanses the body of all impurities and so keeps up the strength and vitality that the system has the power to resist disease.

ONTARIO TOBACCO TAKING THE LEAD

Leamington, Ont., Oct. 21.—Possibly the highest sale of leaf tobacco ever recorded on the North American Continent was realized by a hundred or more growers of Virginia bright tobacco in the Leamington district Saturday when F. R. Gregory, manager of the Imperial Tobacco Company, purchased their crops. Three hundred and ninety-eight acres of tobacco brought to the producers \$226,690, or an average of \$564.50 an acre. In round figures there were 400,000 pounds, the average price a pound being 58 4-5 cents. The highest aggregate price went to Dr. Allen Forester, whose crop brought \$25,000.

MAUNA LOA STILL THROWS OUT LAVA

Honolulu, Oct. 21.—Six cones of the volcano Mauna Loa, on Hawaii island, are active at an elevation of 7,150 feet, according to parties who returned here yesterday from the source of the lava flow. The active cones are on a line running from east to west for a distance of a quarter of a mile. The main cone is 300 feet in diameter, it is reported, and the lava is flowing freely. The lava from two cones is flowing towards Ophthalme, from another it is running in the direction of Punokeokee and from still another toward Honolima. The longest flow of lava is still a distance of eight miles from the Government road, moving slowly due west towards Kaupuna at an elevation of 5,850 feet.

PRINCE OF WALES VISITS ST. CATHARINES

St. Catharines, Ont., Oct. 21.—The Prince of Wales spent twenty-five minutes in St. Catharines yesterday, when a crowd of 4,000 acclaimed their fealty to the British crown and its representative, the Heir-Apparent.

HUNTER KILLED MAN.

Centralla, Wash., Oct. 21.—Roy G. Perry, aged nineteen, a railroad fireman, was shot and killed yesterday near Tono, Wash., by Palmer de Chazco, who mistook him for a bear.

Mallek's Profit-Sharing Plan Means—

That you can buy high-grade garments at big reductions.

That you don't have to wait until the season is over to obtain this unusual discount.

That you have a large selection to choose from.

That a suit at \$100.00 can be bought for \$80.00.

That a dress at \$20.00 can be bought for \$16.00.

That we say this is a big saving.

That we are proving to the many new customers that we are entitled to be known as the popular-priced women's ready-to-wear shop.

That we would suggest shopping in the morning.

CHANGES FOLLOW LORD ASTOR'S DEATH

London, Oct. 21.—Representatives of the late Viscount Astor, whose sudden death occurred Saturday morning, say that his demise will not disturb the Astor estate in any way, as it is operated as a unit.

Viscount Astor created a trust recently for the future management of the property it was stated.

The late Viscount's son, Waldorf Astor, who takes the title in succession, will retain the town house in St. James Square and the country home at Cliveden, at Taplow, Buckinghamshire. Captain John J. Astor, youngest son inherits Hevor Castle, in Kent, which was his father's favorite place.

Public funeral services for the late Viscount will be held Wednesday forenoon in St. George's Church. On the same day a private ceremony will be held which the family will attend.

TO RECONSTRUCT TOWN.

Barcelona, Oct. 21.—Representatives of the Maccornianes or Fellowship organizations, presided over by Puigri Cadafalch, have appointed a commission to undertake the reconstruction immediately of one French devastated town. The expense is to be borne by the Fellowship organizations and the Catalonian districts.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put On Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that the best nerve food is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve-builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleeper; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains of weight in a few weeks.

CAUTION.—Although Bitro-Phosphate is unsuited for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

A Suggestion for Saving

CASH in the pocket encourages careless spending. You will find it a much easier task to save if you keep your "Spending" money in a Savings Account with The Bank of Toronto. There it is safe and can be drawn upon when really needed.

A reluctance to draw from that account will grow upon you, and protect you from many needless expenditures.

Once the saving habit is acquired, the account, with its earnings of interest, will steadily grow to a substantial amount.

Many young men and women are working out this scheme with us to advantage.

It is a plan worthy of a trial.

A. P. Boulbee

CRERAR SUPPORTS PLAN FOR G. T. R.

Ex-Minister of Agriculture
Favors Government Ownership
of Railways

Ottawa, Oct. 21.—In the Commons yesterday afternoon O. Turgeon, Liberal, Gloucester, N. B., spoke in opposition to the Government's scheme for acquisition of the Grand Trunk Railway when the bill came up for second reading.

The House listened with enthusiasm to Hon. T. A. Crerar, ex-Minister of Agriculture. Mr. Crerar, expressed the view that the Government, in proposing to take over the road, was adopting the proper course in view of the very difficult situation. He pronounced himself as being absolutely in favor of public ownership of railways and made the suggestion that a permanent Commission of the House, should be named to consider reports from the National Railway System.

Opposition to Government ownership

ship was voiced by P. F. Casgrain, who maintained that it resulted in increased cost of operation and a minimum service to the public.

Mr. Devlin, who adjourned the debate, argued that the question was not one so much of public ownership as of crippling the finances of the country.

During the evening sitting there were few members in the House. Most of them were in the corridors eagerly following bulletin after bulletin on the Ontario election results, and discussing the probable outcome.

Rt. Hon. G. N. Barnes, Minister without portfolio in the British Government, was an interested spectator from the public gallery.

Hon. W. L. Mackenzie King, Leader of the Opposition, was warmly greeted in recognition of his election by acclamation, as he entered the building.

DRUG SMUGGLERS.

Spokane, Oct. 21.—In the arrest here yesterday of William Jackson and Walter Hunt, both colored, authorities believe they have unearthed a drug importing "ring" which has smuggled thousands of dollars' worth of drugs in from Vancouver, B. C.

Jack: "Let me give you a piece of advice."

Dick: "What's the matter with it?"

GERMANS HANG BACK ON BLOCKADE PLAN

Government Has Not Replied
to Allies Regarding Soviet
Russia

Berlin, Oct. 19.—Via London, Oct. 21.—Contrary to reports emanating from London and Paris, the German Government has not yet replied to the note from the Entente urging a common blockade of Soviet Russia, according to official information obtained by the Associated Press.

The statement was made that the German Cabinet has not yet taken up the subject for serious consideration. There apparently is no hurry on the part of the German Government to arrive at a decision in the premises, especially in view of what is termed the diplomatic mystery surrounding the procedure of the Entente and the resultant inability of the German Government to get in touch with neutrals.

BRITISH MERELY ASK FAIR TRADE FIELD

Will Pay All Obligations,
American Financiers Are
Told

Atlantic City, N. J., Oct. 21.—The British financial delegates to the International Trade Conference, which opened here yesterday, told their American conferees that they sought no special credit arrangement or Government intervention, but simply asked that business transactions go on as before. This announcement came as a surprise to the general body of delegates, especially as sub-committees of many foreign missions had asked for American financial assistance and set forth that extension of credits was vitally necessary in order that they might successfully meet the reconstruction problems of their respective countries.

A. C. Bedford, of New York, chairman of the executive committee of the Conference, told the delegates that American businessmen were ready "to supply financial aid to the war-stricken Allies," but made it plain that they must be frank in explaining political and economic conditions in their own countries.

The success and permanency of business, he said, was dependent upon the stability of government, and American business men wanted to know whether the dangers of Bolshevism or Socialism had passed and whether any menace to the social order existed.

Normal Trade.

The British point of view was set forth at a meeting of American and British credit and finance men by Sir James Hope Simpson.

"The vast majority of Britishers never enter into a contract unless they can see their way clear to pay," he said. "We have not come to ask help of any government, but only that the obstruction be placed in the way of ordinary normal transactions."

In reviewing the financial position of Britain, Sir James said that Britain's national debt had increased from £700,000,000 to £7,000,000,000. Great Britain, he added, now owed £1,400,000,000 abroad, whereas she owed nothing before the war. Foreign powers overseas, dominions and colonies, he explained, owed Britain £1,700,000,000, and although they were not counting on expected indemnities, if such indemnities should materialize, they would further reduce the debt.

"No government could stand in Britain which would contemplate for a moment any weakening in regard to the payment of our debts," Sir James declared. "Britain is determined to pay her debts. She has always paid her debts and always will."

Great Savings.

"It must not be supposed," he added, "that individual citizens of Great Britain are in a condition of indebtedness because the Government is."

"There has been an enormous amount of saving on the part of the individual," he asserted, "and a large part of the British war debt is owing to British citizens."

Although Britain lost 1,000,000 men during the war, Sir James said that during the period of hostilities machinery was added to supplement labor, with the result that the power of manufacture for export is approximately the same as it was before the war.

Sir James expressed the belief that the labor crisis has been passed in Britain.

"The future of Britain is not dark," he asserted. "It is as bright as could be hoped for after making allowances for the war."

GRANDMA USED SAGE TEA TO DARKEN HAIR

She Mixed Sulphur With It to
Restore Color, Gloss
Youthfulness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hair has disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Edmonton, Oct. 21.—The first decree absolute of divorce ever to be granted in the province of Alberta were issued yesterday by Mr. Justice Ives in Clark vs. Clark and Scott vs. Scott. No ruling was made on the point of resumption of maiden name, but it is believed this procedure will follow as a matter of course.

HE MAKES SPECIAL TRIP TO VANCOUVER TO TELL ABOUT IT

George Bartlett Feels He Has
a New Lease on Life Since
Taking Tanlac

"I just feel so fine that I have made a special trip into town just to come and tell you how Tanlac has restored me to complete health," was the statement made the other day by George Bartlett when he walked in to the Owl Drug Company's store in Vancouver. Mr. Bartlett has made Vancouver his home for a number of years, and is a well-known watchman employed by the Delta Lumber Co. His post office is Strawberry Hill, B. C.

"You may not believe it, but it's a fact just the same, I went through such agony with my stomach that at times I would rather have been dead than to have to go on suffering like I did," continued Mr. Bartlett. "It seemed that no matter how careful I was about eating, my food would sour on my stomach as soon as I got through a meal, and gas would form so bad that I couldn't hardly breathe. I suffered from heartburn, and had cramps in the pit of my stomach that would almost draw me double and my back pained me so bad that I could hardly bend over or move about. I dreaded to go to bed for it was simply impossible it seemed for me to go to sleep, why, sometimes I couldn't sleep two hours out of the whole twenty-four, and I became so weak that it was work for me to move around."

"I spent lots of money on different kinds of medicines, but not a thing did me any good until I tried Tanlac. And it was no time after I began taking it until I started to feel the benefits, and to improve rapidly, and now not a pain ever hurts me, and I am in perfect health. I don't know what stomach trouble is any more, and I can eat anything I please and never have a touch of gas or indigestion. My back has quit troubling me, and I can move about without a pain in me, and sleep, well, I sleep so sound that I have to be called two or three times before I wake up. I have picked up in weight and strength so much and just feel so fine all the time that I simply have a new lease on life. Tanlac was a godsend to me, and it has so completely overcome my troubles and restored me to such fine health that I just wanted to come in and tell you what it had done for me."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas—Adv.

LETTERS

Letters addressed to the Editor and intended for publication must be short, and clearly written. The longer an article the shorter the chance of insertion. All communications must bear the name and address of the writer, but not for publication unless otherwise stated. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed for letters not published.

GRATUITY.

To the Editor.—There seems to be considerable discussion taking place re the gratuity question. As a Dominion delegate I will outline the facts. The committee appointed were not G. W. V. A. officials or in the Government service. Comrade Walstell is an ex-mercantile man, who served in the ranks as private. Comrade Black is a well-known doctor with a large practice in Toronto. Major McDonald was awaiting his discharge, after being severely wounded in France. Knowing these comrades personally, I have the greatest confidence in them. This bonus question was born in the Calgary branch of the G. W. V. A., and was discussed by the local intelligent men at the Convention from every angle. Furthermore, we have a complete copy of the whole resolution, on file in the local office, and not as given out by a body of soap-box orators.

J. H. AXON
President, Local Branch, G. W. V. A.

THE ELECTION.

To the Editor.—The publication in Monday's Times of the names of Mr. Barnard's supporters and bosses lifts the lid right off and discloses not the Federated Labor Party, but the Socialist Party of Canada. Three of the parties will be recognized as having "run" right here in Victoria under the Socialist banner within recent months, all three leaving the proletariat "cold." These innocent persons who are wondering why Jim Hawththwaite isn't helping boost the "labor" candidate will remember that Jim was ruled out of the S. P. O. C. because he believed the stories of Trotsky's brutality (as we all did) that Grandma brought over first hand from Russia. Now we know why Mr. Norton disclaims F. L. P. representation at the Bolshevik convention, the meeting that cheered for Soviet rule, sent loving greetings to Trotsky, advocated the six-hour day, and demanded the release of all our "brothers" in jail. Dr. Curry's presence in Victoria is also explained, he being the star lecturer of the S. P. O. C. along, of course,

with Kavanah, Pritchard and Victor Midgley. The latter is the "labor leader" who, with the two former, ordered 5,000 trades unionists on strike in Vancouver to avenge the death of a slacker (also a member of the S. P. C.), and who was himself dragged from the Labor Temple by a bunch of crippled veterans and forced to kiss the Union Jack in front of 5,000 working men. It was the same party that ordered the miners' union to stop all subscriptions to the patriotic fund (soldiers' wives please note) although these alien miners were at the time drawing as high as \$12.75 per day.

How could a party with such a reputation get votes? Only one way. Get a returned soldier, one who has been "over the top," and call him our soldier-labor candidate. A good scheme, but too transparent for our soldier-laborers. Mr. Barnard's "undated resignation" would be dated just as soon as he had served his turn. Ninety per cent. of the S. P. C. who make any pretence of a trade (most are unskilled and semi-skilled) are members of the G. E. U. Thus the local working man, even the union man, would be between the devil and the deep sea as regards a job controlled by the S. P. C. or F. L. P.—take your choice.

WALTER FOSTER.

A CONTRADICTION.

To the Editor.—I for one beg to differ with Miss Williams's statement regarding home work in Sunday's issue of the morning paper. It is no use complaining to the teacher that the home studies are onerous. This they certainly are, and each evening the parent is fully occupied by teaching his child what should be taught during school hours.

It has always appeared to me that the children are wholly instructed at home and the teacher is paid merely to hear and correct these lessons so taught and introduce new ones. Some parents are unable to teach and so many bright and promising pupils in the beginning, after attaining the higher grades, miserably fail. I maintain that the home work is onerous in the extreme and the instruction given in school hours is very limited. The result is that after a pupil is even through High School he only has a smattering of knowledge, and more than this, I have been informed by business men of this city who have tried High School graduates in their office that they sometimes find them sadly wanting when compared with graduates from other schools.

A WOMAN FROM MISSOURI.

BRITISH ISRAEL MOVEMENT.

To the Editor.—I wish to correct a misunderstanding in a report, in the issue of The Daily Times of August 16. I am not leader of the British Israel movement here; there were leaders here before I saw Victoria. But I certainly advocate British teaching, and all it stands for, including a united British Empire under one flag, the Union Jack, all it means to us as a people, and to the world. In these times of stress and unrest, it leaves no room for the red flag of the Bolsheviks, with all its bloodshed and destruction.

There was no such arrangements made for me to be on Mr. Barnard's platform last week end as stated. Although Mr. Barnard, as a labor-soldier candidate, was entitled to all the support I could give, against some of the things done and left undone by the Government at Ottawa, including their cruel mistreatment of the S.S. Princess Sophia wreck, the most appalling calamity of the sea, with a loss of 343 lives which need not have been lost.

Our Government must meet the causes of unrest of necessary reforms. On Saturday night, a week ago when Dr. Curry of Vancouver, who is, I understand, one of the leaders of the Federated Labor Party gave his able exposition in Bolshevik and Soviet rule, recommending the system held by some of the Russian people (of which 90 per cent. cannot read or write) in their struggle for freedom, that we have enjoyed for years, it was an insult to all British citizens. Mr. Barnard did not refute any of Dr. Curry's statements or correct them, so one naturally concluded that those views are part of Mr. Barnard's platform, as those that arranged for Dr. Curry to speak in support of Mr. Barnard's election must have known the views of Dr. Curry. Of the two evils I choose what I believe to be the least.

The hours of polling should be extended to 7 p.m.

HERBERT WYNNE DAVIES,
45, Boyd St., Victoria, October 17, 1919.

FRANCHISE FOR CHINESE.

To the Editor.—Re letter in your Saturday's issue "on Chinese votes," allow me to enlighten your correspondent. Chinese stores are established here exactly on the same basis as white stores and trading houses are established in China, under international treaty. Envy should not enter into the discussion of right and wrong. As a matter of fact, and wrong, in no position which Chinese are filling which a returned soldier would care to have on same terms, and the displacement of a Chinaman for a soldier on increased pay might jeopardize the ability of the business to stand, thereby throwing out of work many white men who are at present employed therein.

Only the natural born and naturalized British subjects of Chinese race are asking for the franchise; Chinese who are not British subjects do not ask it. Any Canadian who becomes a Chinese subject, if otherwise qualified, is not denied the franchise in China.

Canadians and other foreigners hold land in the Treaty Ports under perpetual leases in China, which is practical ownership. When the present privileged position of the "foreigner" under extra-territoriality

THE ONTARIO ELECTION.

The defeat of the Government in Ontario is less surprising than the political situation disclosed by the election result in other respects. The party led by Sir William Hearst had been in power since 1905 when, under Sir James Whitney, it defeated the Ross Government and brought to an end the Liberal regime which under different leaders had existed in that Province for thirty years. The Hearst Government obviously was nearing its end in any case, while its attitude on the prohibition question, regarded as equivocal, to say the least, by the electorate, and the intervention in the contest of the "United Farmers" Party as a formidable, organized unit, as well as general unrest, were enough to put it finally out of its misery.

There are 111 seats in the Ontario Legislature and, according to The Toronto Globe's summary of the result of yesterday's election, these will be distributed as follows: United Farmers, 41; Liberals, 29; Conservatives, 28; Labor, 11; Soldier, 1; Independent, 1. Thus, no single party has obtained a majority over all its rivals and the next Government of Ontario will have to be a coalition. No doubt Sir William Hearst will be afforded an opportunity of trying to unite the remnant of the Conservative Party with one or more of the other parties, but it is unlikely he will avail himself of it, unless he already has an understanding with the United Farmers, which is doubtful. If he shall decide to retire the Governor will call upon either a representative of the United Farmers or Mr. Hartley Dewart, the leader of the Liberal Party, to try to effect such a combination as will permit the formation of a Government with a clear majority.

The United Farmers, however, emerge from the election the masters of the situation. They have elected 41 out of their sixty candidates nominated, or more than a third of the membership of the Legislature. No combination could be formed without them which could carry on the Government of the Province, but they, by uniting with either the Liberals or Conservatives, could set up an administration which would have a large majority over the combined opposition. Labor elected 11 candidates but this is not sufficient to enable it to combine with any single party with the object of forming a Government. Whatever coalition will develop, therefore, must be between the United Farmers and one or other of the two old-line political parties.

Essentially there is more in common between the policy of the United Farmers of Ontario and fundamental Liberalism than between the policies of any two other parties. This is particularly true in respect of Dominion politics, the attitude of the United Farmers of Ontario, especially towards fiscal questions, being very similar to that of the farmers of the Prairie Provinces, whose political organization will be immensely stimulated and encouraged by the result of this election.

That policy, which has been frequently outlined in these columns, includes the removal of customs duties from agricultural implements, foodstuffs and certain other articles, reciprocity with the United States, the extension of the British preference to fifty per cent. with a view to the ultimate establishment of inter-imperial free trade, and a graduated income tax to make up for the loss of revenue that would follow the tariff changes. We shall hear much more of that policy from now on and it seems destined to become a very live issue in the next Dominion election.

Meanwhile, as far as Ontario is concerned, party government, as it has been known up to this election, has disappeared. There will be party government, of course, but it will have to be one in which the identity of one or other of the two historic political divisions of the Province will be submerged.

RUSHOLME FIGURES SIGNIFICANT.

Two significant features in the result of the by-election in the Rusholme division of Manchester are the large vote polled by Labor and the fact that the Liberal candidate polled only 224 more votes on this occasion than at the general election in December last. The contest then was between a Coalition-Unionist, a Liberal of the Asquith school, and a Labor candidate in the person of Mrs. Pethick Lawrence—whom, by the way, many Victorians met during her residence here a few years ago. The total vote polled was 19,131 divided as follows: Coalition-Unionist, 12,447; Liberal, 3,699; Labor, 2,985. In the recent contest the total votes cast numbered 20,544 divided as follows between four candidates: Coalition-Unionist, 9,394; Labor, 6,412; Liberal, 3,923; Nationalist, 915.

The 1918 poll reached 19,131, or 1,413 less than in the new election. The Coalition-Labor-Liberal ballot represented the total poll in 1918 and yesterday's returns show 19,729 votes divided between the three chief contestants, with 815 for the representative of the new Nationalist Party. On this basis of reckoning, therefore, it may be taken for granted that the introduction of a fourth candidate had little to do with the result,

for it is apparent that Captain Crewsdon's new election cry provided an opportunity for the political eccentric to exercise his franchise and show his general contempt for what Crewsdon himself described as the "old gang" in politics.

It is somewhat surprising, however, that ex-Premier Asquith's followers have failed to improve their position since the general election. The best Mr. Pringle could do was to add 224 votes to the number polled by Mr. Butterworth in December last, while Labor's small poll on that occasion may, perhaps, be accounted for by the fact that the British electorate has not yet accustomed itself to the idea of "women for Westminster." This time, however, Labor's representative was Dr. R. Dunstan—a male candidate. Rusholme's verdict, moreover, would appear to shatter any hope of an Asquith-Liberal-Labor merger and supports the view, that the ex-Premier would have great difficulty in blazing a comparatively new trail before he could keep company with the modern school of Labor thought. Yesterday's figures emphasize this fact still more and indicate fairly clearly that the next general election will be fought very largely between Coalitionists—of whom the majority are Conservatives—and Laborites.

Obviously the Nationalist Party is not taken seriously; the Asquith Liberals have not advanced, and the Government has survived the last two tests. In the light of these facts, therefore, it may be taken for granted that Mr. Lloyd George will not go to the country until there are more insistent demands that he should. In the meantime his additional days of grace will give him further opportunity to decide upon his own future political alignment.

WHY THE CHEERS?

We understand the announcement of the defeat of the Hearst Government in Ontario at the meeting of Mr. Barnard's supporters last night was received with cheers. The cheering, we may safely assume, was over the defeat of a government, for it could not have been over the vindication by the election of the cause with which demonstrators are associated.

There is nothing in common between the Federated Labor Party of British Columbia and the United Farmers of Ontario, for instance. Indeed, their policies fundamentally are as apart as the poles, while in temperament the supporters of both are hopelessly irreconcilable.

Imagine what kind of a reception a farmers' constituency would give to the contention of one of Mr. Barnard's clerical supporters that the man who actually performed the manual labor of raising potatoes was entitled to all of the product, instead of a fair share of it.

How would the farmers welcome Mr. Woods-worth, the "man from Winnipeg," or any other exponent of the methods by which an attempt was made to throttle the people of Manitoba's capital into supporting "direct action," a few months ago? There are eleven Labor members in the new Ontario Legislature. If there is an extremist among them who thinks he can find sympathy for the doctrine of unrest, or the O. B. U. movement, from the farmer representatives, all he needs to do is to try them with a resolution and he will be very completely disillusioned.

The farmers are opposed to the Hearst Government, and with good cause, but they are not opposed to all government as it now exists. On the contrary, they are the most conservative element in point of temperament in the country and a strong bulwark for existing institutions. Canada's best insurance for stability lies in the fact that she possesses so large a farming population. So the cheering last night must have been merely an expression of hostility towards government in general. It would have astonished the United Farmers if they had heard it.

ONTARIO REMAINS DRY.

The voters of Ontario have decided that their Province shall remain in the dry column, having given a majority against each of the four questions submitted to them. These questions were:

1. Are you in favor of the repeal of the Ontario Temperance Act?
2. Are you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol, weight measure, through Government agencies, and amendments to the Ontario Temperance Act to permit such sale?
3. Are you in favor of the sale of light beer containing not more than two and fifty-one one hundredths per cent. alcohol, weight measure, in standard hotels in local municipalities that by a majority vote favor such sale, and amendments to the Ontario Temperance Act to permit such sale?
4. Are you in favor of the sale of spirituous and malt liquors through Government agencies, and amendments to the Ontario Temperance Act to permit such sale?

Prohibition advocates contended that these questions, taken together, constituted a trick and urged the electors to vote "No" to all of them. Up to this morning the largest negative majority was given in answer to Question One. The smallest was in answer to Question Four, which indicates the existence of a strong sentiment in favor of the sale of spirituous and malt liquors throughout Government agencies. In any case the electors had a wide and varied choice of alternatives and have decided to accept none of them. Ontario remains dry.

STILL ON THE SHELF?

We were under the impression, after its meeting with the returned men last week, that at the next meeting of the City Council the civic committee would recommend a re-opening of the discussion on the Better Housing Act—without prejudice, of course. The agenda of the aldermanic body last night, however, did not appear to include the topic in which more than three score returned soldiers are very considerably interested. It is to be hoped such an important matter will be dealt with before climatic reasons are enlisted in support of ditching the subject altogether.

VANCOUVER'S GRAVE
IS NOT NEGLECTED

Says Recent Visitor to His-
toric Spot in Petersham
Churchyard

In view of the recent publicity
given to a statement emanating
from a returned soldier to the effect
that Capt. Vancouver's grave in
Petersham churchyard, England,
was in a sadly neglected condition,
the following article written by
"Anne Merrill" and appearing in
Sunday's issue of The Vancouver
Daily Sun will doubtless be of in-
terest.

"The soldier who 'hails from British
Columbia,' and who recently
sent back to his home town paper a
report to the effect that the grave
of Capt. George Vancouver, the
great explorer, whose name has been
rightly immortalized in Canada was
in a state of neglect must have made
a very superficial observation for
instead of any evidence of lack of
attention I found, on going out to
Petersham this afternoon, that his
grave stood out clearly among a
cluster of overgrown and indistinct
mounds in the more ancient part
of the old churchyard which surrounds
the very quaint little parish church
of St. Peter's.

It was the agent-general for British
Columbia in London, Mr. F. C.
Wade, K. C., who had drawn my at-
tention to the soldier's letter, for he
was considerably concerned about
the charge, not only because of his
feeling of responsibility to British
Columbia, but from his inherent
sense of literary values. Any neg-
lect of the author of "Vancouver's
Voyage" Mr. Wade was ready to
denounce as vandalism.

He immediately, therefore, made a
pilgrimage to the historic place, and
found, he stated, no occasion for the
outburst though suggesting that I
should go out to the graveyard and
see for myself. This I have just
done.

Granted there were no huge granite
or marble altitudes over the spot
where Vancouver was buried, only
a perfectly plain white head-
stone curved at the top, and bearing
the unpretentious legend which the
greatness of the man could well af-
ford, and entirely in keeping with
the custom of the royal navy to which
he belonged:

"Captain George Vancouver,
"Died in the Year 1798,
"Aged 40."

Beside a Bolted Earl.
The remarkable thing to my mind,
was the fact that while most of the
inscriptions on the nearby tomb-
stones were almost obliterated by
time, the lettering on Captain Van-
couver's was quite perfect, indicat-
ing the very reverse of neglect, and
that the original stone must have
been replaced in more recent years
by his admirers in Petersham of
whom there seem to have been many
devoted ones thereabout.

Had the soldier taken the trouble
to step inside the little red brick
church, he would have seen promi-
nently placed, beside that of a bel-
ted earl, a beautiful white memorial
tablet, upon which in black lettering
he might have read:

In the Cemetery Adjoining the
Church Were Interred in the Year
1798 The Mortal Remains of Cap-
tain George Vancouver, R. N.,
Whose Voyage to the Pacific Ocean
Voyage of Discovery to the North
Pacific Ocean and Round the World
During five years of Laborious Sur-
vey, added greatly to the Geograph-
ical Knowledge of his Country-
men.

To the Memory of that Cele-
brated Navigator This Monumental
Tablet Is Erected By The Hudson's
Bay Company, March 1841.

Near a Wall of Ivy.

Vancouver's grave was beside a
brick wall, the wall overgrown with
ivy, and near the head of the grave,
a small hemlock tree whose boughs
drooped so that their dark green
face when the sun was low, just
touched with a fleck of shadow the
white marble headstone. Outside
the wall was a large plane tree,
whose leaves are so like Canadian
maple; while, velvety yew trees
sheltered his grave from east winds,
and a weeping willow crouched in
its own shadow perennially mourn-
ing. At the outer corner of the
churchyard, stood a Lombardy pop-
lar on guard, perhaps to warn any
unwelcome ghosts of the approach of
human intruders.

I think Vancouver must have
loved that little quiet corner. I
know that in his life he loved the
nearby gentle slope, a beautiful tree-
dotted part of Richmond Hill, for it
was while standing upon its highest
ridge, one day in the year of his
death, that he exclaimed:

"In all my travels, I never clapt
eyes on a more beautiful spot than
this! Here would I live and here
would I die!"

Prof. George Davidson of the uni-
versity of California, who was over
forty years engaged on the U. S.
coast Geodetic Survey paid Captain
Vancouver a compliment which the
historian Edward S. Mearns claims
is "a monument greater than the
naming of any island, more endur-
ing than an engraved slab of marble.
The whole world will always honor
Vancouver for his brilliant achieve-
ments in the science of geography."
Davidson's comment, to which
Mearns refers, was "I have gone
over every foot of the work done by
Vancouver on the coast, and I wish
to say, he was a great big man!"

Fine Quality Glassware

At Unusually Low Prices

The flawless, clean quality of this glassware will call for your keenest
admiration—especially when you notice how inexpensively priced it is.
Many imitation cut crystal and colonial designs are shown, and there is an
abundant variety of pieces to choose from. Some of them are:

COALITION CABINET IN
ONTARIO WILL FOLLOW
THE GENERAL ELECTION

Continued from page 1.)

Legislature and have an edge on
either the Liberals or Conservatives
in the House by fourteen or fifteen
seats, are planning an early conven-
tion to set the course to be taken by
their organization.

Hartley Dewart, K.C., the Liberal
Leader, said this morning that so far
his party had made no plans for fu-
ture action.

The Labor men, of whom there will
be eleven in the new House, are en-
ergetically preparing to make their
presence felt in the legislative body.
Results of the polling yesterday
were:

United Farmers Elected.
Brant, North—H. C. Nixon.
Bruce, North—H. Fenton.
Carleton—R. H. Grant.
Dufferin—T. H. Black.
Dundas—W. Casselman.
Durham—S. S. Staples.

BARNARD SPEAKER ATTACKS VICTORY LOAN AS INFLATION

Says Such Borrowing Largely
Responsible For High Cost
of Living

FORMER MINISTER IS NOW LONGSHOREMAN

The Rev. J. S. Woodworth at last night's crowded meeting in the interests of T. A. Barnard at the Crystal Theatre criticized the Victory Loan issue. Mr. Woodworth was advertised as "the man from Winnipeg," where he was incarcerated for his alleged soviet activities. He explained, he is now living in Vancouver working as a longshoreman.

"The Government now has the actual audacity to come along after the war and tell us that we have to subscribe to Victory Bonds and things like that," Mr. Woodworth said. "In the old country they are raising the money in other ways."

"In Canada the ordinary people will have to be hewers of wood and drawers of water for generations and generations to come in order to pay the money to the few big interests of this country who have borrowed during the war. Do you think people are going to stand for it?"

"There was a sign in Nelson as I came through—'The soldiers gave their lives; lend your money'—at six per cent, and up to nine per cent, with the tax exemption privileges—and they call that patriotic."

Currency Depreciated.
"The Government has taken the dollar bill, scratched out the dollar mark and put fifty cents in its place. The more money there is in circulation the higher the cost of living. Besides actual money they are putting out Victory Bonds and such things as that which function just the same as money. The more that is put out the cheaper it is, and the higher the cost of living," the speaker said.

"But this country exists not for the pleasure and profit of the few individuals, but for the pleasure and profit of the great mass of the people."

"This money of Canada is going down, down, down in value. And the first minute the people get it into their heads that the Government can't redeem it there will be such a collapse that will shake the country to its foundations. Let the money of the country depreciate in value, and this paper money is not worth anything."

Must Get Control.
"We are going to have a quarrel between capital and labor, and the great mass of the people that are dispossessed until the great mass of people rise up in their might and get control of these machines of production."

"Our little homes and children are not worth anything near so much as the profits of the big interests. We to-day are in a new kind of bondage."

Dealing with the Winnipeg strike, he said: "One lesson we have learned in Winnipeg is that we must and are going into politics as we never went in before."

Red Coats After Workers.
He predicted that before the winter is over a large number of people are not going to know where they are going to get work to buy the necessities of life. Because of the probable unemployment of this Province, he said, the Government is rushing in Mounted Police red coats.

"What are they coming over the mountains into British Columbia for?" he went on. "There are no Indians here for them to shoot. They are coming over, if they are coming at all, to shoot down the workers of this country. The time has come when we must do something along constructive and not repressive lines such as sending in red coats."

He declared that the old political parties are absolutely dead from Winnipeg west and there is no use trying to revive them. He said the two old time parties were only the representatives of the big interests against which the people of Canada are rising up in revolt.

Want True Representation.
Mr. Woodworth declared that Mr. Barnard through his resignation being in the hands of a local committee would truly represent the people.

"Dr. Toimie was selected by a little group at Ottawa and given the office of Cabinet Minister by this little group at Ottawa," he said. "If he is sent to Ottawa he will represent that little group at Ottawa which chose him. The trouble is that our politicians represent not the people of the country but a political machine. This is the opportunity to choose between the nominees of the machine, the nominees of the big interests, and the representatives of the people. It would be a great honor for Victoria if he should set up an onward movement rather than elect a Cabinet Minister who is not acceptable to a great majority of the people of this country."

The Chairman.
"It is our endeavor to try and make the people at Ottawa realize what is constitutional government," said A. Watchman, who was chairman. "Men have been made Cabinet Ministers without a vote on the part of the citizens of the country. You have a chance by electing Barnard to show that you know what constitutional government is."

Mr. Watchman declared that the fact that "Frank Higgins was a King's Counsel, may be the reason for some of his wild statements."

DAVID SPENCER, LIMITED

Store Hours: 9 a.m. to 6 p.m. Wednesday, 1 p.m. Saturday, 6 p.m.

Our Stocks of Children's Apparel Will Enable You to Clothe Your Boys and Girls Economically and Well

A BEDTIME STORY

UNCLE WIGGILY AND THE SQUIGGLE BUG.
Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

"Oh, Uncle Wiggily! Come here quickly!" called Nurse Jane Fuzzy Wuzzy from her kitchen in the hollow stump bungalow one morning.
"Dear me! I wonder what's the matter now?" cried the bunny rabbit as he dropped the cabbage leaf newspaper he was reading and gave three hops and a part of another one out to the kitchen. "Has the pudding stick snake been flopping around again, Nurse Jane?"
"Oh, nothing like that!" answered the muskrat lady housekeeper, with a laugh. "I'm making a cake and I forgot that there wasn't a grain of sugar in the bungalow. The cake is started, and unless I finish making it quickly it will spoil. Please hop over to Mrs. Wibblewobble's and borrow enough of sugar for me to bake the cake. I'm in a hurry!"
"I'll go right away!" said Uncle Wiggily. Stopping only long enough to put on his tail silk hat, as it was quite a cold day and he did not want to get any more rheumatism, the bunny rabbit gentleman hopped over the fields to the home of Mrs. Wibblewobble, the duck lady.
"Some sugar for Nurse Jane? Why certainly! I'll give you as much as you wish!" said the mother of Lulu, Alice and Jimmie, the duck children, when Uncle Wiggily, rather out of breath, had told her what he wanted. She put the sugar in a paper bag for him, and, after thanking her, Uncle Wiggily started to hop back to his hollow stump bungalow as fast as he could go. For he knew Nurse

IN WOMAN'S DOMAIN

Social Personal

John Riddell, of Cochrane's Drug Store, has passed his pharmaceutical examinations in Vancouver.

Major F. B. Edwards has been placed in command of the Chinese coolie camp at William Head.

Miss Eileen Graveley has returned to her home in Seattle after being the guest of her aunt, Mrs. J. L. Raymur for the past month.

Mrs. R. A. Bainbridge, of Marlborough Avenue, has as her guest for a few days Mrs. Ernest Whitehead, of Hampton Court, Vancouver.

Among the list of Victorians sailing this week from Seattle for California is Miss Dorothy Woods, of Richmond Road, who intends spending several months in the "Sunny South."

Mrs. J. R. Waghorn and Miss Dorothy Waghorn, who have been guests at the Oak Bay Hotel for the past two weeks, left on Sunday for their home in Vancouver.

Mr. and Mrs. Duncan Bell-Irving (nee Mary Pybus), whose marriage took place in Vancouver recently, will leave on Saturday next for Cuba, where they will make their future home.

The Honorable E. J. and Mrs. Adams, of Eugene, Oregon, motored up through Oregon and Washington, and at present are the guests of Mr. and Mrs. E. Frank Cody, of 344 Madison Street, Mrs. Adams being a sister of Mr. Cody.

Lieut. Salmon, formerly of the 7th Battalion, has severed his connection with the S. C. R. in Nanaimo and is now visiting in Victoria. He expects to take up his residence on the Dunsmuir Farm, in which he is interested with some other returned men.

Mr. and Mrs. J. MacDonald Fahey left on yesterday afternoon's boat for Vancouver, a large number of their friends assembling at the C. P. R. wharf to bid them "Godspeed." They were guests overnight at the Hotel Vancouver, continuing their journey to New York this morning.

Mr. and Mrs. James Western, whose marriage took place in Vancouver recently, have taken up their residence in Victoria. Local friends of the young couple will be interested in the following account of the wedding, appearing in The Vancouver Daily World of yesterday's date: "A very pretty wedding was celebrated at 9 o'clock on Monday, October 6, at the home of Mr. and Mrs. James Western, 1822 Thirty-fifth Avenue East, when their eldest son, James Stanley, lately returned from overseas service with the 72nd Battalion, was united in marriage to Amy, daughter of Mr. and Mrs. Charles Norris, of Plumstead, Kent, England. The ceremony

again. I am going to help you. With my little legs and paws I can easily pick up every grain of sugar."

And, surely enough, the little Squiggle Bug did this. He was just like an ant, and an ant is the best picker-up of sugar in the world, unless maybe it's a fly. Anyhow, soon all the sugar was picked up, and put in the bag again, and the bag wasn't broken. I'm glad to say. Then Uncle Wiggily placed the Squiggle Bug back in his pocket and hopped on to his bungalow.

"My goodness, Wiggily," said Nurse Jane. "I don't want to find fault, but you're very late with that sugar! My cake is nearly spoiled waiting for it!"

"I'm sorry," said the bunny. "But I stopped to help a Squiggle Bug."

"Well, of course, I'm glad to know you were kind," said the muskrat lady. "but Squiggle Bugs—dear me—what good are Squiggle Bugs?"

"Oh, they are very helpful!" said the bunny.

"Nonsense!" exclaimed Nurse Jane. "A Squiggle Bug can help no one!"

"And just then, as true as I'm telling you, the muskrat lady dropped a needle with which she was sewing a button on Uncle Wiggily's shirt while she was waiting for him to come back with the sugar."

"Dear me! Where is that needle?" asked the muskrat lady, looking all over the floor for it. "I can't see it anywhere!"

"Here it is! Down a crack! I'll get it for you!" cried a kind little voice. And the Squiggle Bug crawled out of Uncle Wiggily's pocket, found the needle with his sharp eyes, and reaching his tiny paws down the crack in the floor, pulled up the pointed sewing thing for Nurse Jane.

"Oh, thank you!" said the muskrat lady. "Squiggle Bugs are good, after all!" Then Uncle Wiggily told how the same Squiggle Bug had helped pick up the spilled sugar. Nurse Jane said she was sorry for what she had said, and when the cake was baked the Squiggle Bug had a cute little slice for himself. And, if the ironing board doesn't ride the clothes horse down in the laundry to splash water all over the rubber plant, I'll tell you next about Uncle Wiggily and Jimmie's corn.

was conducted by Rev. A. E. Cooke, of First Congregational Church, and the young couple were attended by Mr. Garnet Western, also returned from France, and Mrs. T. Mahood, of Seattle, brother and sister of the bridegroom, while Miss Annie Western and Miss Eileen Cooke acted as flower girls. The bride was tastefully gowned in white silk crepe-de-chine with fillet lace and carried a shower bouquet of white and pink carnations. The matron-of-honor wore a dress of white satin georgette and carried a bouquet of pink carnations. The flower girls were dressed in white voile trimmed with lace, and Mrs. James Western, mother of the bridegroom, wore a gown of pale blue voile trimmed with old gold embroidery. The room was tastefully decorated with roses and carnations. The bridegroom's gift to the bride was a small gold wrist watch. The matron-of-honor received a gold brooch studded with pearls and the flower girls each a gold calla lily brooch set with pearls. To the groomsmen was presented a set of gold cuff-links.

By Speeding the Liver Dr. Hamilton's Pills Bring Good Health
Good for Men, Women, Children

No curse seems harder to bear than the downright weariness and despondency that comes from a slow liver.

The man or woman who is pale, sallow, depressed, and out of sorts usually has Liver Complaint. Such people continually suffer from headache, constipation, ringing ears, lack of appetite, and poor digestion. What a world of good Dr. Hamilton's Pills will do in such cases! In one hour this smooth working medicine changes half sick folks into different looking and feeling people. No chance for headaches or constipation when Dr. Hamilton's Pills get to work. Taken at night they restore normal condition while you sleep, morning finds you fresh and hungry, headache all gone, cheeks rosy, eyes bright, spirits good.

Impossible to feel drowsy, to have weak back, to be nervous, depressed, sleepless, or out of sorts if you take, regulate and cleanse the system with Dr. Hamilton's Pills. Good for men, women and children. Sold everywhere in 25c boxes.

West Saanich Women's Institute.—The military five hundred drive, held under the auspices of the West Saanich Women's Institute at their rooms, Sluggish, on Friday evening, was a very enjoyable affair. Owing to the postponement of the drive there were not as many present as usual. After cards dainty refreshments were served and the remainder of the evening spent in singing. Those winning first prizes were as follows: Mrs. Wallace; Messrs. W. Cobb, E. Frost, and A. Serup. Consolation, Mrs. Guy. Miss Tomlinson, T. H. Prescott and T. W. Walker. Another of these popular drives will be held on Wednesday evening, October 23, at the Institute rooms.

WOMEN AT ANNUAL CONFERENCE PASS MANY RESOLUTIONS

Important Matters Discussed by Women's Institutes at Abbotsford

Numerous resolutions of more than passing interest and covering a wide range of subjects were passed at the annual conference of Women's Institutes of British Columbia, held at Abbotsford last week.

Among the more important were the following:
"The conference is in favor of the tract of timber at Surrey known as the 'Green Timbers' being preserved as a national memorial to the B. C. soldiers."

"That the Institutes recommend that a uniform style of dress be adopted by girls attending Normal School, as a number are prevented from attending as they cannot keep up with the dress prevailing."

"Whereas the protection of migratory birds is one of the most important things to the fruit grower, and all tillers of the soil, be it resolved that the Department of Education be asked to have a copy of the Migratory Birds Convention Act be posted up in all schools and explained to the school children."

"Resolved that in all unorganized districts where there is a resident public health nurse, that the Government be asked to appoint a school health inspector, as provided for in section, chapter 207 R. S., 1911."

Mental Deficients.
"That the Federal Department of Health undertake the work amongst the mentally deficient and special precaution be taken to prevent marrying of such deficients."

"That housekeeping rooms be provided for teachers by the Department of Education where desired."
"Be it resolved that the Department of Education be asked to supply leaflets and make singing of the National songs compulsory in the schools, and also saluting the flag at stated intervals."

"Be it resolved that the sanitation by-laws be strictly enforced especially among Orientals and those of foreign extraction."

"That there is great cruelty proved in the training of show animals, we would respectfully suggest that an Act be passed prohibiting animal performance for gain."

During the afternoon session papers were given by Mrs. V. S. MacLachlan, of Victoria, secretary of the Advisory Board of Women's Institutes, and Mrs. Reynolds, of Chilliwack, who dealt with "Reconstruction."

Public Health.
Mrs. V. S. MacLachlan, of Victoria, in her paper dealt with one of the most important questions discussed at the conference. The ladies present were unanimously of the opinion that the health of the child cannot be neglected and the obligation on the medical men, nurses, school boards and all strong organizations was very great to educate the public to the importance of this work in British Columbia. The figures quoted by Mrs. MacLachlan showed that the death rate of mothers and babies in the Dominion was appalling and she pointed out that the Province of British Columbia was no exception to the other Provinces. Mrs. Fadden, the chairman, in the discussion, which followed, told the ladies that she was quite sure that they would receive the support of the Government and the health department in any steps they took to help raise the standard of the public health in the rural districts.

LONDON SLUM AREA SAVES CHILD LIFE BY CHEAPER MILK

Moving ahead of legislation, Lambeth, a borough of London, with a population of 300,000 has been a pioneer in milk control, and its municipal scheme for cheap supplies to necessitous families has been justified by a notable saving of infant life.

Statistics prove this. For half a century before Lambeth took up its beneficent work, infant mortality had reached a startling total. Despite all improvement in living conditions, Lambeth was losing babies under twelve months at the rate of 151 per 1,000 (as compared with 180 for London and 152 for the whole country), the majority of deaths being attributed to wrong feeding.

Since then, with a milk depot running for the past fifteen years, the Lambeth infant death rate has been brought down to 71.4.

No State Money Grant.

It required courage, as well as money, to keep the depot going in times when there was no grant; the good offices of the Local Government Board had to be secured annually to endorse expenditure for which local authority was lacking, and in those days it was no joke to be party to a Finance Committee's decision, with the risk of a surcharge when accounts came to be audited.

Now a Milk Order remedies the anomaly, and Lambeth can light-

heartedly claim a fifty per cent grant on outlay which has in past years run to £1,000 annually.

As a halfpenny rate yields £3,500, the cost of a milk depot to the rates is but trifling.

Lambeth's project is progressive. At its milk depot the original charges were 3d. daily, or 1s. 6d. weekly, for supplying an infant under six months, or 4d. daily (3s. weekly) for a baby between six months and a year. These prices have had to be varied as the market rose. But the Milk Order enables the medical officer to let necessitous mothers have milk at 1½d. or 2d. a day, or even for nothing, following, of course, adequate investigation.

Maternity Centres.
But there are also sixteen maternity and child welfare centres which serve for milk distribution, since it is obviously impossible for the depot to answer for the whole of the widespread borough. While the depot itself contracts with a farm, the other centres buy from approved local tradesmen, whose bills are paid by the municipality.

The latest return from the depot alone shows that its year's output was 15,901 gallons of milk and 682 pints of cream; but these figures will be considerably augmented, because of the use now being made of the centres.

MODISTE'S FORTUNE TO SEWING WOMEN

New York Woman Leaves \$400,000 For Indigent Needlewomen

New York, Oct. 21.—A home for indigent needlewomen is to be established in Manhattan or its vicinity, in accordance with the will of Margaret A. Howard, modiste, which has been filed for probate. Women of advancing years who have earned their livelihood as seamstresses or in kindred occupations, but who now are unable to work longer, are to be admitted, regardless of religious belief. The amount set aside in a trust fund for the "Margaret A. Howard Home" is \$400,000.

Mrs. Howard died August 27 last, aged 73, at the San Remo Hotel, Central Park west and Seventy-fourth Street. She was without relatives, but had hosts of friends among those who had worked for her when she had the most fashionable establishment in New York, or those who knew her when she was buyer for an exclusive house here.

To Mothers

The Guardians of Children's Teeth

All Statements Approved by High Dental Authorities

You Must End the Film To Save Them

Millions of mothers know that children's teeth decay and discolor, despite the daily brushing. So do adults' teeth. But saving children's teeth is of supreme importance. The trouble lies in a film—in that ever-present, slimy film. It clings to the teeth, enters crevices and stays. The ordinary tooth paste does not dissolve it. The tooth brush leaves much of it intact. And that film causes most of our tooth troubles.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Science Finds a Way

Dentists know the danger of this film. They call it "bacterial plaque." Dental science has for years sought a way to end it.

That way has now been found. Convincing tests made by able authorities have amply proved its efficiency. Now it is embodied for home use in a dentifrice called Pepsodent. And the makers supply a 10-Day Tube free to anyone who asks.

Ten Days Will Tell

Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin was not used before because it must be activated. And the usual agent is an acid harmful to the teeth. But science has discovered a harmless activating method. And now this ideal film destroyer can be constantly applied.

Send us this coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how the teeth whiten—the children's teeth or your teeth—as the fixed film disappears.

Then you will know that Pepsodent does what was never done before. No mother who once does this will return to old-time methods. For the children's sake cut out the coupon now.

They Brush Teeth
but they do not save them. They leave the film and that wrecks them.

IRRIGATION PLAN AGAIN DISCUSSED

A proper system of irrigation for Gordon Head and Cadboro Bay was the topic of discussion yesterday afternoon when Reeve C. B. Jones and representatives of the Council and farming interests in Saanich met Mayor Porter and members of the City Council.

Though both sides were clear as to the aim of the meeting neither seemed to have anything tangible to offer in the way of putting a scheme into practice, and after some delay City Engineer Preston was asked to prepare an estimate of the cost of the extended water system when Saanich makes up its mind what it wants.

Thomas Walker and W. J. Suttie, extensive strawberry growers, agreed that a good domestic supply of water was necessary and that when water was most needed for strawberries was after the crop was off so as to develop the plants for next year's growth.

Reeve Jones wanted to know if the city would be willing to furnish water at reduced rates for irrigation purposes, as it was very important that the interests of Victoria as well as Saanich should be promoted by such a scheme.

It was decided that Saanich should prepare a full statement of what is required, and the City Council will then deal with it.

WAS REPORTED KILLED

Sergeant J. B. Armstrong, who has been with the Canadian forces on the Archangel front for some time, following an extended service in France, has returned to this city.

Through error Sergeant Armstrong's name appeared in the casualty list as being killed. Memorial services were held here to commemorate his death.

Sergeant Armstrong has had a most exciting time since he left here with the first contingent.

To Grow Hair On Bald Heads

Specialist Gives Simple Recipe That Works Fine.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist: Bay Rum, 5 ounces, Lavone de Composee, 2 ounces, Menthol Crystals, one-half drachm. If you wish it perfumed add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Ladies using this prescription should be careful not to get it on the face or where hair is not desired.

EXEMPTED FROM PAYMENT OF THE PILOTAGE CHARGES

Ottawa, Oct. 21.—Hon. A. K. Maclean, Acting Minister of Marine and Fisheries, has given notice of an amendment to the Shipping Act by adding a provision that ships registered in Canada, employed in voyages between ports in British Columbia and San Francisco or any United States port north of San Francisco, shall be exempted from the payment of pilotage charges.

TO SPEAK HERE ON STATE OF EUROPE

Dr. James Robertson, former president of Macdonald Agricultural College, Montreal, and now representing the Department of Trade and Commerce, has just returned to Canada after making a study of the economic situation in the devastated countries of Europe. He will address the Canadian Club, of this city, at noon next Tuesday. Two years ago he spoke here on "Behind the Lines at Verdun." Dr. Robertson will tell of what he actually observed in the war zone on his tour of inspection, both since the armistice and during a stay of several months when hostilities were at their height.

Going to Ganges Harbor.—On Friday at noon the local machine Pathfinder 2, will fly to Ganges Harbor, providing the weather is suitable. The people of Ganges are becoming very keen on commercial flying.

MAY ARRIVES SAFELY IN THE WEST INDIES

After what her skipper terms an "uneventful" trip, the fruit-carrying steamer Princess May arrived in the West Indies late last week, according to a cable received yesterday by Mrs. Stratford, of this city, wife of Capt. F. C. Stratford, who commands the May. This cable contradicts the rumor that the May had gone ashore.

IMPORTANT ALTERATION IN LOCATION OF P. G. E. WILL REPRESENT BETTER BARGAIN

Fifteen Miles of Grade to Be Abandoned—Line Shortened 4.73 Miles—Route Claimed to Be Better Than Old Location by \$1,500,000

As the result of surveying operations, during the last three months, Premier Oliver has selected a new route by which the Pacific Great Eastern Railway will cross Cottonwood Canyon. The choice involves the abandonment of fourteen or fifteen miles of the graded road and will shorten the line by 4.73 miles. It is asserted also that the new route will represent a better bargain for the Province by more than \$1,500,000 over the old one. These are the salient points given to The Times representative by the Premier on his return from the Cariboo this morning.

Mr. Oliver states that construction work has been somewhat delayed owing to the scarcity of labor, the burning of Cheakamus Bridge, and trouble which developed near Lac La Hache, where the roadbed is located on what has proved to be a veritable sinkhole. The point in question is an old creek dam and the Premier says the track is continually subsiding and preventing the operation of work trains. Piles and trestles are now being placed in position as a temporary expedient, but, it is stated, in all probability the removal of the roadbed to the hard ground instead of the creek will have to be resorted to. Mr. Oliver declares that it should have been placed there at first.

Reason for Survey.
During the last three months a survey party in charge of Locating Engineer A. W. Vassar, has been engaged in the particular survey which has now determined the new location for the line at this point. Its primary object was to discover the most feasible routes for avoiding shifting hillsides near the Cottonwood River, and also for carrying the railway through the town of Quenell. This latter work, the Premier says, will be completed in a few days, while the former already is finished.

Stupendous Blunder.
Referring to the abandonment of some fourteen or fifteen miles of the old route the Premier says that the location and construction was a stupendous blunder and that every dollar spent in the grading process has been wasted money. In comparing the new route with that already located and graded Mr. Oliver declares that the new one will shorten the line by

RESULTS PLEASE BARNARD SUPPORTERS

Labor Gains in Ontario Election Are Welcomed; Dr. Tolmie's Meeting

Barnard workers said they were happy to-day over the election outlook here, following the defeat of the Conservative Hearst Government in Ontario. They are not saying much about the triumph of the United Farmers, but talk chiefly of the success of the Labor candidates. They handed out this statement to the newspapers.

"We consider that the results of the election in Ontario will have a most important bearing on this campaign in Victoria. This morning we have been deluged with congratulations. The greatest optimism prevails amongst our workers and supporters. We have sent congratulatory wires to every successful Labor member. Considerable enthusiasm is being manifested on the street amongst our labor men to-day."

Angry at Roorbach Blame.

While there was joy at the Labor headquarters in the Crystal Theatre, there was something akin to anger at the Unionist headquarters when some of the campaign managers learned that the Labor managers had gone to police headquarters and said they had heard that the Unionist managers were responsible, or at least had something to do with the issuing of the roorbach last week, which acts insinuations on Dr. Tolmie and purported to be signed by E. W. Ellis and Mrs. Nellie Litchfield. Dr. Tolmie's managers say they will have something to say about this later, as printed matter is being circulated around the city by the Barnard forces which declares that the roorbach "is being circulated to influence the election in favor of Dr. S. F. Tolmie." The Unionists deny this.

Challenged by Mr. Andrews.

Interest was added to the campaign to-day when Mrs. Litchfield announced that she has been challenged by Frank Andrews of the High School staff to meet her on the platform of the Crystal Theatre to-night with reference to some things that she is alleged to have been saying about him.

W. H. Trotter, of the International Typographical Union of Vancouver, J. W. Connell, ex-M. P. of Saskatchewan, and Thomas A. Barnard, will also appear at to-night's Crystal Theatre meeting.

To Speak Again.

At 7.30 o'clock to-night Mr. Barnard, Pte. McLernan and the Rev. J. S. Woodsworth, the longshoreman-pastor, will address the electors of the northeastern part of the city in the George Jay School. It was announced to-day that the Rev. William Stevenson, who has

been absent from the labor platform since some of the sensational meetings of last week, would appear again on Friday night, when he will speak at the Moss Street School at the request of a number of electors of the Fairfield district.

Unionist Rally Wednesday.

Arrangements are being completed for the big meeting of the campaign to-morrow night in the Royal Victoria Theatre, when the Hon. S. F. Tolmie, Minister of Agriculture, will meet the electors. One of the feature speakers of the meeting will be Lieut.-Col. Cyrus Peck, V.C., M.P. for Skeena. Col. Peck has recently returned from Ottawa and also from an inspection trip to the soldiers' settlement near Courtenay. Others to speak are J. C. McIntosh, M. P. for Nanaimo; Sergeant Major Mes, the trench comrade of Mr. Barnard, who left his camp after signing his nomination papers, and Sergeant F. A. Darke, of the 16th Battalion.

Dr. Tolmie spoke at the Chelberg yards this afternoon, and it is expected that he will speak at Ogden Point to-morrow. To-night the Tolmie workers will meet in their committee rooms at their various division headquarters throughout the city.

Big Barnard Gathering.

Thursday night Dr. Tolmie will hold a meeting at the Princess Theatre. The same evening the Barnard forces will hold their demonstration in the Royal Victoria Theatre, when Mr. Barnard will be assisted by Sergeant Major Jimmie Robinson, D. C. M.; Rev. W. D. Spence, and Major R. J. Burde, M. C., M. P. P. Dr. Ernest Hall will be chairman.

Many Women Voters.

Of the total of 15,727 on the Victoria voters' list issued by the court of revision, \$398, or nearly forty per cent, are women.

According to wards, the totals for women and men voters are as follows:

	Women.	Men.
Ward One	652	1,185
Ward Two	863	1,707
Ward Three	1,228	1,953
Ward Four	914	1,188
Ward Five	1,450	2,076
Court of Revision	671	810

BLISS NATIVE HERB TABLETS

For over thirty years they have faithfully and successfully served the people in all lands. BILLIARDS.

At the Two Jacks' billiard rooms last night Ashworth's team in the Billiard League, B section, won from Sale's team by 122 points, the scores being as follows:

Ashworth	250
Askey	250
Province	250
Lovitt	152
Baker	250

Total	1,152
Sale	292
Humber	241
Holman	132
Patterson	250
Lees	206
Total	1,030

Two matches in the handicap tournament are slated for to-night at 7 o'clock.

Prost (o. 100) plays Murray (o. 50), and W. H. Wilkerson (r. 60) plays Hinson (o. 150).

A WIN FOR THE FIREMAN

The Firemen defeated the Crusaders by 48 to 28 in a basketball game at the Fire Hall last night. Briers and Dwyer were high scorers for the Firemen, and Mitts secured nearly half of the Crusaders' points. The Firemen relied upon Briers, Dwyer, Matthews, Riddell and Woodburn. Crusaders—Mitts, E. Woods, Buckett, Hole, Webster and Downs.

A return game will be played next week.

LOOKING THINGS OVER

There is always a danger of a good thing being spoiled, and if reports regarding the indiscriminate use of the whitewash brush are correct, the power vested in the governing boards of the western provinces, by the Amateur Athletic Union stand a good chance of being abused. It was generally understood that power to grant amateur cards to pros, who had become too slack for first class company, returned soldiers anxious to get into the amateur ranks as a little appreciation of their work overseas, and those guilty of a breach of amateurism were to receive amateur cards if the provincial bodies approved. In Calgary, however, amateur cards appear to be handed out lavishly. Of the Victoria applications there is not one with a big record in the professional ranks and all claim consideration. Calgary, however, is stretching the point when men like Stanley and Mickey Mackay, stars in the professional game, both young men with a career before them and professionals in every sense of the word, are granted amateur cards. Either man on an amateur hockey side would make obviously unfair competition with other amateur teams, and according to word from Toronto the fact has been recognized, for a message from Toronto that such "amateurs" will be debarred from playing in Allan Cup games.

They Travel Some.

With the opening of the duck season, although at present the birds are so scarce that very few sportsmen have even made an attempt to bag any, the following table which has been prepared as an accurate tabulation of the speed that various species of duck travel will be interested:

Birds	Feet covered per second	Average feet per second
Canvasback	130 to 160	145
Teal	120 to 150	135
Rodhead	110 to 130	120
Canada Goose	100 to 120	110
Quail	65 to 85	75
Ruffed grouse	60 to 90	75
Mallard	55 to 90	75
Snipe	50 to 70	65

Another Hockey Series.

Hockey fans will hail with delight the news that there is a possibility of another hockey series in the west along the lines of the Pacific Coast League. Frank Patrick endorses the statement that he is planning a rink as large as that of the Vancouver rink, to be built at Calgary and a hockey series of the same class as Victoria and Seattle fans enjoy. An inter-provincial series at the end of the season would add zest to the competition. The proposed rink is for 1921, depending upon Calgary first proving that it possesses the necessary enthusiasm for Canada's winter pastime to support a league of the P. C. H. A. standard.

VICTORIA NORTHWEST WORLD

Rugby Men Set Dates For Inter-City Games. City Race Opens November 1

Games With California Anticipated During Season — Schedule of Opening Games

The second Saturdays in December, January, February and March were decided upon as the dates to suggest to the mainland for this year's inter-city rugby games, at the meeting of the Victoria Rugby Union held last night under the chairmanship of W. H. Spalding. As Victoria holds the McKeachnie Cup for inter-city competition the first game will be held in Victoria and the others on the mainland and Victoria respectively.

The Californians

The rugby men were also enthusiastic in supporting the idea of games between British Columbia teams and Victoria teams with a California fifteen at Victoria and Vancouver. It was claimed, however, that the mainland rugby men, judging from their correspondence, are under a misapprehension regarding the Cooper-Keith Cup, the trophy for such games. In their letter they stated they were to play the Californians for this trophy, but the Victoria men lay claim to the trophy, which they won several years before the war.

Re Amateur Cards.

The Victoria men will also obtain a ruling as to whether they are forced to recognize an amateur card that may be granted by the British Athletic Union. While it was stated that there were no objections to any of the rugby men whose applications for re-instatement are up for consideration the opinion was expressed that for future guidance this information will be available. A letter will be sent to the British Columbia branch of the Amateur Athletic Union asking for information on the subject, and also the English rugby union with which the Victoria Union is affiliated will be written to.

The City League.

The first games for the Barnard Cup, emblematic of the city league championship will take place Saturday, November 1. The first games between the four clubs in the race were decided upon as follows:

November 1.
V. I. A. A. vs. Great War Veterans.
J. B. A. A. vs. Wanderers.

November 8.
V. I. A. A. vs. James Bay.
Wanderers vs. Great War Veterans.

November 15.
V. I. A. A. vs. Wanderers.
James Bay vs. Great War Veterans.
It was decided that the Saturday before each representative game should be set aside for trial games. The selection committee and the captain of the representative team will be decided upon later, probably during the next two weeks.

Saturday's Games.

Next Saturday the Wanderers will play a return match with the Naval College at Esquimalt. The James Bay will play the Great War Veterans at Oak Bay. Harry Boyd is thriving for blood for the V. I. A. aggregation and hopes to get a team to meet his lads at Oak Bay. The V. I. A. A. have also arranged for their annual New Year's game at Oak Bay, and may bring over a team from Seattle.

It was decided that fifteen per cent. of the net gate receipts should go to the rugby union, the remainder to be divided among the clubs. Appreciation was expressed of the kindness of Jack Neary, manager of the K. of C. Hut in so generously allowing the use of the meeting room to sporting organizations.

Game Arranged.

Manager Boyd has been successful in arranging a game for his men for Saturday, and they will play the University fifteen. Dai Thomas will referee the game.

Brooks to Captain California.

Fred Brooks, all-star halfback on the University of California eleven, was elected captain of the Blue and Gold team for the coming season, says a San Francisco message. Brooks has starred on the California varsity for three seasons and one year on the freshman rugby team.

THOUGHT TOURNAMENT HAD BEEN POSTPONED

Possible Reason Why Mainland Golfers Failed to Help Victoria

Much disappointment was expressed at Seattle that the Vancouver lady golfers did not make the trip to the Sound City with the Victoria ladies' team to play for the H. C. Henry trophy. Victoria ladies as previously stated made the journey and lost to the United States players, but the fact that the team was an all Victoria team prevented them from making such a bold bid for the trophy for the Canadian players. The original intention was that divided into international teams Victoria and Vancouver should be pitted against Tacoma and Seattle. Best out of five matches were to decide the winning team—American or Canadian. Once decided, the two teams forming the winning combination should play against one another for the possession of the trophy. The surviving team of ten would then play for the trophy, the winner being eventually the sole owner of the trophy.

MRS. SWEENY.

The Victoria players won high encomiums for their excellent effort, but lost by a score of five to twelve. The non-appearance of the Vancouver golfers may have been caused through a misunderstanding, judging from the following item from a Vancouver paper: "Local lady golf enthusiasts were once again disappointed when it was announced that the H. C. Henry golf trophy matches, which were to have been played on Thursday in Seattle, were again postponed. Much interest had been taken in the matches, particularly since it was anticipated that Mrs. Sweeny, formerly Miss Violet Pooley, the foremost woman golfer who ever played on the Pacific Coast, winner of the Northwest championship and all-Canada champion, who was one time finalist in the British women's great title battle, and a player on the Vancouver team would meet Mrs. Elizabeth Curran, Pacific Northwest champion, who was chosen to head the American team."

AMATEUR HOCKEYISTS ARE ENTHUSIASTIC

All Entries For League Tilt Must Be in by the 29th of October

Considerable enthusiasm in the ranks of the amateur hockey men was evidenced at a preliminary get together meeting held last night at which President John Mowat presided over a good attendance. Six possible entries for this season's race were mentioned: The Elks, Senators, Two Jacks and Foundation, who were in the race last season, and the K. of C. team and Fitz's septette were the additional entries. All the teams mentioned had delegates on hand with the exception of the Foundation. It is believed the shipbuilders, however, will again defend the laurels which they won in the exciting play off series last season with the Senators.

It was decided that the annual general meeting should be held October 29, and a request was made that all clubs applying for a place in the league should send in their official applications to Percy Watson, Secretary, at the Acme Press, View Street, on or before that date.

A committee was appointed for the purpose of amending the constitution and by-law. President Mowat was also asked to interview Lester Patrick regarding next season's playing arrangements.

The schedule will be drawn up in accordance with the plans of the B. C. Hockey Association, and delegates will be appointed at the annual meeting to attend the B. C. session. It will also be decided at the meeting how many clubs shall participate in the league games this season.

Philadelphia, Oct. 20.—Jack Perry, Pittsburgh, won by a slight shade over George Walsh, Philadelphia, in a 10-round bout to-night, according to a majority of local sport writers. Both men were welterweights.

Pittsburgh, Oct. 20.—Willie Jackson, of New York, defeated Johnny Drummlis, Jersey City, in a fast 10-round bout to-night. Jackson had the advantage in every round except the fifth.

Langford Draws.

Tulsa, Okla., Oct. 20.—Sam Langford, of Boston, and Jack Thompson, of St. Joseph, Mo., negro heavyweights, boxed fifteen rounds to a draw to-night.

IRVIN JOINS THE RANKS OF AMATEURS

Will Remain in Regina and Play With Local Teams, Says Dispatch

From Regina comes the information that another professional hockey player has been granted his amateur card. Dick Irvin, who was mentioned as a probable player for the Aristocrats this season, is the latest to desert the professional ranks according to the message which states: The Saskatchewan Registration Board has waded through a big bunch of forty applications for amateur cards, it was announced to-day. The most interesting business of the evening was the re-instatement of James Dickinson Irvin, no other than the famous "Dick," former Winnipeg amateur star, who played with the Portland professionals before going overseas. He will remain in Regina, playing with one of the local teams, it is stated. Another former Pacific Coast player who was re-instated is Fred McCullough, formerly of the Winnipeg Vics, Allan Cup holders of 1914.

MORE INTERNATIONAL BOUTS NEXT MONTH

Victoria and Island Club Will Have Re-instated Amateurs on Card

More international boxing bouts are promised by the Victoria and Island Amateur Athletic Association early in November. W. H. Davies announces that the club will put on another tournament on similar lines to the successful Thanksgiving show which drew a crowded house at the Crystal Theatre.

If several amateurs who are up for re-instatement secure their amateur cards they will make their re-appearance in the three-round game at the tournament. Scotty McKay, who claims that although professionalized he never received any money from sport in his life, is expected to be on the bill. Al Davies, considered the best in his class, will also make a re-appearance. Al will probably be matched with a Portland or Seattle boy, and the bout would be one which the fight fans would look forward to with interest. Tommy Woodhouse, the American Expeditionary Force champion, and Claud Fortner, will also cross from the Sound city. Portland has also promised to send several of their best amateur fighters, and the bill promises to be one of great interest.

LATEST RACING RESULTS

Lafayette, Ky., Oct. 21.—Be Frank took the measure of Exterminator in the Lafatonia Cup race, with \$7,500 added money at two miles and a quarter, winning by two lengths, with Legal third. King Ozies held the lead for a mile when Exterminator came up with Be Frank third. Exterminator and Be Frank raced together until the stretch, when the latter came to the front and won by two lengths. Exterminator was second with Legal third, five lengths back. King Ozies finished a poor fourth.

The time was 4:17. Be Frank is owned by C. M. Garrison, and was ridden by Jockey Ensor, carrying 123 pounds.

When you rub the lather in with your hand, the fingers touch only the tops of the beard. When you rub it in with a Simms Lather Brush, the bristles get right down to the skin and soften the hair just where the razor edge goes through.

DOMINION

"Human Desire" is the title of Anita Stewart's newest picture. In this offering the popular actress has a unique role, that of an Italian girl who has been brought up in a convent. She never has seen a real baby. Yet she loves babies more than anything else in the world, and daily brings lilies, which she lays in the arms of the Frampini Madonna, which stands in the convent where she lives. Two ladies visit the convent and she asks them if there are

real babies in the world. They tell her there are lots of them. How she escapes from the convent and goes out in search of them, and the adventures she encounters forms a most unusual story which provides Anita Stewart with one of the best roles of her career.

The balance of the programme will include a new Mack Sennett comedy which promises to be full of novel and funny situations, providing the maximum amount of laughing entertainment. Another of the popular Chester Outing scenic pictures will also be shown.

ROYAL VICTORIA

A thrilling story, a beautiful and talented star, a splendid cast, excellent direction and some wonderful photography—all go to make up Norma Talmadge's latest Select Picture, "The New Moon," in which she is presented by Joseph M. Schenck at the Royal Victoria for the last time to-night.

"The New Moon" is the story of a Russian Princess, Marie Pavlova, who flees to a neighboring province when her castle is attacked by anarchists, and takes refuge in a small store in the guise of a peasant girl. When the decree is issued, ordering all the women in the country to register in order to be nationalized, the Princess refuses to register and incites the other women of the town to follow her example. The authorities discover the true lineage of the peasant girl who is leading the women to revolt and try to force her to register, with dire results to themselves.

Norma Talmadge, famous for her versatility, gives an excellent characterization of the Russian peasant girl who is truly a princess. The story, while true of the life of Russia as it exists to-day, seems more like a fairy tale. The disguised Princess, her blue blooded lover, the revolt, the chase, the capture, happiness for the good people and sadness for the bad ones—all go to make up a story of cold, bleak Russia, warmed by the beauty and intensity of ravishing Norma Talmadge.

VARIETY

In the Robertson-Cole five-part production, "His Debt," for the Exhibitors Mutual Programme at the Variety Theatre, Sessue Hayakawa plays a role considerably different in character from any in which he has been seen. He gives a pleasing and unusual portrayal of the proprietor of a house of chance, and is noticeably successful in depicting the various moods common to the particular type which he represents.

One of the characters, which stands out strongly, and which is given an excellent portrayal by Francis J. MacDonald, is that of Blair Whitcomb, a young man whose prospects are wrecked by the lure of gambling and strong drink. Jane Novak, in the feminine lead, is also worthy of special comment for her attractive work.

What the Burns Brothers' Memphis Minstrels lack in quantity they make up in quality. Those who attended the performance in the Variety last evening left highly pleased with the entertainment provided, every member of the company being an entertainer of merit, the step dancer being exceptionally clever. Taken on the whole the Memphis Minstrels put on a good show. They provided continuous laughter, while the music provided by the orchestra was catchy and much appreciated.

COLUMBIA

Women will be interested in the stylish, smart costumes that are worn by all the actresses appearing in "The Whip," the racing photodrama, which is being presented at the Columbia this week. These costumes

"I Wonder
Would It
Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

are of the very latest design and the most fashionable cut. In fact, they are patterned after the gowns worn by the leaders in New York's most exclusive circles.

All women who see "The Whip" will be particularly interested in the hunting costumes worn in one of the scenes in this big production. These costumes are the real thing, inasmuch as the hunt itself is the real thing. The pictures of this particular scene were taken during the progress of the annual event held by one of the most famous hunt clubs in the world. The costumes worn by the men and by the women are right up to the minute in design and in smartness. This smartness is particularly effective in the big hunt dinner, held after the conclusion of the day's event.

ROMANO

"Yvonne from Paris" is none other than bewitching Mary Miles Minter herself. Alan Forrest gives an interesting impersonation of the eccentric young playwright, and J. Barney Sherry is delightfully suave and convincing as the distinguished producer. Bertram Grassby is cast as a wealthy cad who lavishes his unwelcome attentions upon the little dancer, and Rosemary Theby is dashing "these" as his lady-love, Vera Lewis, who has won so many friends through her excellent work in Griffith productions, is the stern Paris aunt. A characterization of a kindly violinist is furnished by E. Allyn Warren, whose makeup, pantomime and remarkable facial play make unnecessary the label, "from sunny Italy."

"Yvonne from Paris" will be shown at the Romano again to-day.

CLEVER DANCING ON
PANTAGES PROGRAMME

Five Acts in Exceptionally Attractive Bill Feature Dance Numbers

The current Pantages bill runs the gamut of dancing, no fewer than five of the acts featuring various phases of the Terpsichorean art, each of a high order in its own particular class. From an artistic standpoint, the most charming is that presented by Cecile d'Andrea and Henry A. Walters. In a picturesque setting these two artists present a varied programme of specialty dances of distinctly original character—artistic in conception and graceful in interpretation. Whether in the "Military Dance," "The Artist and the Millinery Maid," "Pierrot and L'Oiseau" or in "The Tennis Racket," the dancers reveal the completeness of their art, dancing with airy grace and captivating abandon. The warmth of the reception accorded them proved their popularity with the audience.

"Temptation" is the title of the clever tabloid musical comedy presented by Bobby Vail. Dealing with the theme of the lure of woman, the sketch offers opportunity to four clever principals and a chorus of pretty girls to sing several catchy songs, present numerous dances and wear striking clothes. The libretto is distinctly above the average, and makes the sketch one of the best seen at the local theatre for some time. Described on the programme as "eccentric comedians," Dunbar and Turner present what was the most popular turn of the evening, and they were recalled with enthusiasm many times. Both members of this act proved their versatility by their singing and dancing, though it is in the latter that they excel. As eccentric dancers they reveal unusual ability, their antics covering the field of true comedy. It is hoped that they will again grace the local theatre at no very distant date.

George Quigley and Eddie Fitzgerald combine clever and witty patter with talented dancing, while Frank Ward presented a bright little act in which he skillfully manipulated his fingers in the intricate steps of various national dances. The Four Leons in a thrilling fast tight wire act added the necessary touch of thrill to an exceptionally attractive programme.

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them to-day for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5½ per cent interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

Prepare to buy as many Victory Bonds this
time as you now wish you had been
able to buy the last time.

Victory Loan 1919

"Every Dollar Spent in Canada"

Issued by Canada's Victory Loan Committee,
in co-operation with the Minister of Finance
of the Dominion of Canada.

To the Electors of the City of Victoria

Ladies and Gentlemen,—

Less than two years ago, at the request of a number of the electors of this city, I consented to stand for election as your representative in the Dominion House of Commons.

The support you gave me on that occasion was very flattering, and one deserving a much better man.

I little thought at that time that any circumstance could arise that would call for my appeal for your support so soon again, but in recognition, I presume, of the rights of Vancouver Island to a place in the Cabinet, the Prime Minister extended to me an invitation to join his government and assume the portfolio of Agriculture.

Many friends, particularly those engaged in the live-stock industry, in nearly every province of the Dominion, urged my acceptance of the honor, and I yielded to Sir Robert Borden's request, with the resolution that in the larger sphere I would contribute the best that was in me to conduct the department in what I considered would be to the best interests of all the people of Canada.

Appointment to the Ministry implies resignation in the Commons and fresh endorsement by one's constituency. This accounts for my appeal once more to the electorate. I do so without any misgivings, assured as I am that the handsome majority you gave me as a private member will not be denied to me as a Minister of the Crown.

You have a right, before confirming me in the larger position, to ask me for a report of my stewardship in the lesser.

Matters Personal.

I think that all who have had occasion to seek my assistance in matters of a personal nature have ever found me ready to lend my very best assistance in having the same properly and vigorously placed before the Government and rectified so far as any injustice prevailed. Many such matters yet remain for adjustment and relief, and each just cause will find in me a friend.

Matters Industrial.

I have from time to time called the attention of the Government to certain works and industries which would be of benefit to the city.

It was due to my efforts that the building on Pier 3 at the Ocean Docks was erected, and on my suggestion and co-operation that Pier 2 was rented to the Foundation Company, so as to retain here the installation of machinery in the ships built here by that company.

It was due to the efforts of Mr. McIntosh and myself that the Minister of Marine was induced to let contracts for the building of steel ships here.

These things alone have meant profitable employment here for a large number of men.

The Drydock.

Late in 1917, shortly after my election, I immediately, in conjunction with Mr. McIntosh and Mr. Green, began an agitation for the construction of the Esquimalt Drydock. At that time, if you will remember, there was considerable talk of reconstruction, and it was considered an appropriate time to begin to apply pressure for the completion of the Esquimalt Drydock, which would not only give employment to a large number of men during the reconstruction period, but would provide and centralize an important industry at Victoria. We were met with a great deal of opposition, and soon learned that Vancouver was a strong competitor in the field for the construction of the dock.

After persistent work, carried on continuously at all hours and at all angles, from 1917 to the early Summer of 1919, we were able to secure an undertaking from the Government for the construction of this dock, and a sum of money was placed in the estimates for the commencement of the work at the earliest possible moment. This occurred about the end of June, and we immediately began an agitation for the commencement of borings and the preparation of plans and specifications. Shortly after this, Mr. Daly, engineer of the Public Works Department at Ottawa, came to Victoria and commenced operations in Lang's Cove. These borings occupied some time, and when they were completed it was found that the construction of the drydock in Lang's Cove would be an exceedingly expensive proposition, and that, also, on account of the construction of the Yarrow wharf, that it would be necessary to remove a large portion of the latter before big ships could enter the proposed dock. With this evidence at hand the Public Works Department did not cease operations, but immediately looked over other available sites in Esquimalt.

I am now in position to say that subsequent exploration has practically assured a satisfactory site, and have the assurance of the Government that the work of construction will be prosecuted without delay.

This great public work, which is a national necessity, will provide employment for a large number of men, and will prove a great commercial asset to the community.

The Returned Man.

During my term of office I have given personal attention to the appeals of returned soldiers, their dependents, and all other classes, and as long as I am honored with the position as your representative I will give the same consideration to any individual as I would to any large proposition. You can quite understand it is not always possible for me to secure what is asked for, but in every case I have given the matter my best service until it has been demonstrated to me that it has been impossible to obtain the results expected.

In connection with the undertakings for further public works here, I am ready to urge that the returned soldier be given every possible opportunity to participate in and benefit from these works, and would strongly support any measures in the appointment of inspectors so as to insure his getting fair treatment in this regard.

I think it is only right, also, that when tendering for public works, those companies that have given the soldier fair treatment in the past should be brought particularly to the attention of the Government for their consideration, before contracts are awarded.

The Asiatic Question.

Now, you have always known my stand on the question of Asiatics. I fully realize that it is practically useless for a Canadian to attempt to compete on an equal footing with Asiatic labor. This experience has not been gained in a few years, but has been acquired after a lifetime spent in this Province. In traveling over this Province one cannot help but be impressed with the large number of Asiatics who are owning and occupying lands in this Province at the present time. We all know the history of such occupation in California and other countries, and I for one would much prefer to see that land occupied by a class of settler that could better assimilate with the Canadian people.

I want to say here that my organization was not in any way, directly or indirectly, connected with the registration of Asiatic voters, and I think the Dominion Government is to be highly commended for having passed the amendment to the Elections Act (known as Bill 13), which prevents Orientals voting at Dominion

STORM KING PLAYS PRANKS ON PACIFIC

Mexico and Asia Have Fine Runs While Arabia and Fushimi Are Battered

The pranks of the Storm King on the Pacific were never better illustrated than by the passages of the two Osaka Shosen Kaisha liners Arabia Maru and Mexico Maru, which docked from the Orient yesterday. Although never separated by more than 250 miles during the entire voyage and at times in practically the same longitude the steamships encountered entirely different weather.

The Arabia Maru was buffeted by a terrific typhoon for two days after leaving Yokohama, and that time did not make more than 200 miles, one-third of her normal speed. Heavy gales assailed her during the greater part of the run. The Mexico Maru, which sailed from Yokohama, one day ahead of the Arabia, and docked here late yesterday had a disagreeable weather was a little fog off the West Coast of this Island.

The Empress of Asia of the C. P. O. S. fleet, had a beautiful run across, but the Fushimi Maru, which got away from Yokohama one day ahead of the flyer, and should have been in today, is still battling with heavy weather, and will not be here until Thursday morning. She is having a hard passage.

The weather on the ocean is capable of great diversity within a very short conference. It may be blowing a gale in one section and a few miles off steamships may be heading along in almost a dead calm.

Discharged Cargo. The Mexico Maru discharged 480 tons of general cargo at the outer docks last night and proceeded early this morning for Puget Sound ports. A few Japanese passengers disembarked here.

GOOD TRIAL TRIP

Vancouver, Oct. 21.—Reeling off her best knot in a little better than 445 minutes the \$800-ton steel steamer, War Chaser, the last of this type to be built by the firm of John Coughlin & Sons, established a record on Saturday for the boats built by this firm for the Imperial Munitions Board, when she completed very successful trials in the Gulf. She is now at the Balfour, British wharf, and will shortly be taken over by her owners and load for the United Kingdom.

The War Chaser's highest speed was 12.453 knots.

WHEN YOU SUFFER From RHEUMATISM

Sloan's Liniment Should Be Kept Handy for Aches and Pains.

WHY wait for a severe pain, an ache, a twinge following exposure, a sore muscle, sciatica, or lumbago, to leave naturally when you should keep Sloan's Liniment handy to help curb it and keep you active and fit?

Without rubbing, for it penetrates, apply a bit to-day to the afflicted part. Note the quickening, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—No. 1 largest for utmost economy. 35c., 70c., \$1.40. Made in Canada.

Sloan's Liniment
Keep it handy

elections, just so long as they are not allowed to vote in the Province in which they live.

As to the Future.

The Union Government has been making and is making a sincere attempt to curb the evil of profiteering; to make large income and large business pay its just part of the nation's load.

Excellent results are being secured through the collection of income and business profits taxes. The number of assessments approved for 1917 under the Income War Tax Act of that year totaled 51,477, and the amount of assessments approved was \$12,162,416. The amount collected in the last fiscal year under the Business Profits War Tax Act totaled \$32,970,601. The total amount of taxes collected in three years under the Business Profits War Tax Act was no less than \$66,747,602. The maximum estimate of receipts from this source when the bill was introduced in Parliament was \$30,000,000, and during the year 1917 the total direct taxes from profits and income amounted to \$45,132,478, and I shall direct my best efforts to the end that this work shall continue to the rectification of still existing wrongs.

In regard to the high cost of living I can only say that this is a matter under the world condition of affairs to-day that cannot be corrected by Act of Parliament alone. National thrift and national production enter largely into the question.

I approve of, and will work for, the very best returns our country may find itself able to give our returned men and their dependents, recognizing that without them and their kind in the hour of need, freedom as we Anglo-Saxons know it would be banished from the earth to-day.

Ladies and Gentlemen, voters of Victoria, if my efforts in behalf of my constituency and country, in my brief parliamentary career, may appear sufficient to warrant you in voting for me on the 27th inst., I shall heartily appreciate it. A Victoria man in the Cabinet ought to be able to do more for the constituency than a private member.

The decision rests with the electorate.

Yours faithfully,

S. F. TOLMIE.

LAST OF STEFANSSON PARTY RETURNS HOME

A. G. Gumaer and Martin Kilian Arrive To-day From Long Stay in North

With much secret information regarding scientific discoveries made by the Stefansson expedition in the Arctic region, A. G. Gumaer and Martin Kilian, the last members of the exploring party to leave the frozen north, arrived in Victoria this afternoon from Nome, Alaska, via Seattle. For several years these two men traveled with the expedition, having joined it at Victoria Land and Bailey Island, and remained on the job after Vilhjalmur Stefansson became ill and was forced to leave for civilization. Finally, Storker Storkersen, who assumed charge of the party after the leader's retirement, also quit and left for Edmonton, Canada.

"Yes, I have some valuable information gathered since Stefansson and Storkersen left us, but for obvious reasons I cannot discuss it," said Gumaer to-day.

Met Blond Eskimos.

"I was just scouting around on my own hook when Stefansson found me and invited me to join his party aboard the Polar Bear. That happened in June, 1917, somewhere in Victoria Land. I have some most interesting information regarding our travel over the ice and of the so-called blond Eskimos. For five months I drifted with this tribe, which was first discovered by Captain Kilkenberg of the whaling schooner Olga in 1905.

"I know a great deal about the habits of these Eskimos. They are primitive in the extreme and have none of the white man's notions." Gumaer and Kilian left Barter Island on the north coast of Alaska, on July 25 last, on their way out.

"I like the country up there," continued Gumaer, "and I am going back in the spring, but not as a member of any expedition. I have my plans pretty well worked out."

While Gumaer's home is in Buffalo, he has lived on the Pacific Coast, in Portland and Seattle for some time. He is thirty-seven years old. Kilian lives in Seattle.

The two men traveled in six different vessels in getting to Victoria. They went from Barter Island to Point Barrow in the power schooner Ana Olga, after staying in Point Barrow several days proceeded to Wainwright in a whaleboat with Jim Allen, an Arctic trader. After spending two weeks in Wainwright, Gumaer and Kilian went to Teller in the whaler Herman. From Teller they voyaged to Nome in the United States Coast Guard cutter Bear and went to Seattle from the Bering Sea city in the steamship Victoria, and crossed to Victoria to-day.

BACK FROM ILL-FATED GOLD SEEKING CRUISE

Seattle, Oct. 21.—Eleven members of a gold-seeking expedition which sailed from San Francisco for Northern Siberia last summer aboard Robert Louis Stevenson's old schooner, the Casco, arrived here yesterday on their way back to California. They said the Casco, wrecked on King Island, sixty miles north of Nome, Alaska, cannot be refloated.

Captain C. L. Oliver, master of the Casco, was taken to a hospital up North on the day following the wreck, pneumonia, contracted when he was knocked overboard when the Casco foundered.

MORE COOLIES AT HALIFAX

Halifax, Oct. 21.—The steamer Celtic arrived yesterday afternoon with a Chinese labor battalion on board. The coolies, 2,000 strong, en-trained immediately for Vancouver, there to take passage for China.

O. S. K. WILL BUILD TWO LARGE LINERS

Ships of Type of Arabia Maru to Be Constructed for Trans-Pacific Trade

Despite the fact that the Osaka Shosen Kaisha has placed a number of larger passenger and cargo steamships in the trans-Pacific service during the past three years, the company has found it impossible to look after the immense offerings from both sides of the ocean. As a result they have placed an order with the Nagasaki shipyards for two new liners of the same type as the Arabia Maru, which was in port yesterday.

Capt. Saitow, of the Arabia Maru, stated the company had found the present fleet too small to cater to its business. It is quite likely that the new ships, when launched, will replace two of the smaller vessels now in operation, or if the business is sufficient the new ships will supplement the present service.

A Huge Fleet.

At the present time the O. S. K. is operating one of the largest fleets in the trans-Pacific service. Besides its regular service of passenger ships the company has a number of large freighters running between Victoria, Puget Sound and the Far East.

Huge shipments of steel products, motors, wheat and other commodities are offering as westbound cargoes, while the inbound cargo is principally of rice, porcelain, silk and other Chinese and Japanese products.

The two new ships will be ready for service late next year.

"SKIN THE CAT"

But if you won't exercise vigorously you must take "Cascarets."

There is nothing like bending exercises, taking long walks, or chopping wood to keep the liver and bowels active, but most folks take their exercise in an easy chair. Such folks need Cascarets, else they suffer from sick headache, sour acid stomach, indigestion, colds and are miserable. But don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh Pills. They cost so little too—Cascarets work while you sleep.

IXION WILL CARRY BIG CONTINGENT OF CHINESE

Four thousand Chinese laborers who were employed back of the battle zone in France will be carried to their homes in the Orient by the steamship Ixion of the Blue Funnel Line, on her next outward trip.

The Chinese laborers will be taken aboard the Ixion at the William Head quarantine station.

The Ixion sailed from Yokohama Saturday for Victoria, Vancouver and Seattle, with a big cargo of Oriental freight.

The Chinese laborers to be taken by the Ixion will be the second huge party handled by the Blue Funnel Line. Approximately 3,500 of the laborers were aboard the steamship Tyndarus, which sailed from the William Head quarantine station on October 13.

RECORD PRICE PAID FOR RUPERT HALIBUT

Prince Rupert, Oct. 21.—Halibut at 19.90 marks the highest price ever paid here.

MONTEAGLE TO BRING IN IMPERIAL TROOPS

Over 1,000 Men From Vladivostok Will Arrive Here Next Month

Over one thousand Imperial soldiers will arrive here on the C. P. R. liner Monteaagle about the middle of next month. Orders have been given to the four-master to call at Vladivostok at the end of this month to take on the remainder of the British troops now stationed there.

The Monteaagle has done more transport work on the Pacific than any of the other liners. On her last trip here brought in about 600 members of the famous Middlesex "Die-Hard" Battalion. Previous to that she handled a large portion of the Canadian Siberian Expeditionary force.

According to Lieut.-Col. Warden, D.S.O., who returned from Siberia yesterday on the Empress of Asia, sixteen of the Allies were represented at Vladivostok. Early in the year each Ally was fairly strongly represented, but many of the troops were being withdrawn. Only a few Canadians, who remain attached to the Imperials, are still in Vladivostok. As rapidly as possible the British forces are being withdrawn.

VESSELS' MOVEMENTS

Hongkong, Oct. 15.—Sailed: Str. Katori Maru, for Seattle.

CONDITIONS ON YUKON WORSE THAN REPORTED

Dawson, Y. T., Oct. 21.—The steamer Yukon arrived to-day safely with a large number of passengers from White Horse. The Yukon and the Washburn were blocked by a great ice jam below Circle for days. It now develops that the danger was much greater to the boats for a time than was reported here. The Washburn's hull was so damaged that she transferred all her passengers and some of the crew to the Yukon on reaching Circle. An immense wall of ice twelve feet high formed in the river just above the boats. All passengers, including forty American soldiers and many women and children, were placed ashore together with mails, freight and express and conveyed to Circle, where they awaited the boats which did not escape the trap until the temperature reached 50 above zero.

When the ice broke the boats took refuge in the slough. The Washburn is expected here to-night and may go into winter quarters here. The Yukon proceeds to-night.

The independent company offers to send the steamer Thistle next week with delayed Dawson freight. Merchants and miners may accept. The old company says the water is too low. The bars are too dangerous to risk large boats and freight, but is sending steamers up-stream light.

The steamers Dawson and Alaska with a heavy list of southbound passengers are now past the worst and will reach White Horse to-morrow.

HUGE OIL-TANKER FILLS ESQUIMALT DOCK

The big Norwegian oil-tanker, Belridge, was floated into drydock at Esquimalt yesterday and this morning a large gang of men are engaged in chipping the hull. It is expected that the work of painting the ship will be completed by Thursday.

The Belridge is the largest ship to be floated into the graving dock for some time. She completely fills the basin, and the overhang of her stern protrudes over the gates.

STARTS ON HUNDRETH TRIP TO ALASKAN PORTS
Seattle, Oct. 21.—When the steamship Victoria casts loose to-day, departing on her last voyage of the season to Nome, she will start on her one hundredth voyage in the service of the Alaska Steamship Company since that company took over the vessel in 1908, and with the exception of one trip to the Orient, and three or four voyages to Southwestern Alaska, her operation has been to Nome and Behring Sea points.

The famous old ship has a unique history, for she was built for the Cunard Steamship Company and for many years was operated as the trans-Atlantic liner Parthia, being displaced from that service only by the advent of ships of greater speed. She was then acquired by the Northern Pacific Railway Company, which concern in 1909 pioneered the first American steamship line out of Puget Sound to the Orient. The name of the Parthia was changed to Victoria, and she was operated in the Oriental service.

About 1904 the Victoria was purchased by the old Northwestern Steamship Company, which company operated her in the Alaska service for several years, in which she has remained ever since.

COAST YARDS BUILDING FINE CLASS OF VESSEL
Vancouver, Oct. 21.—The Pacific Coast shipyards of Canada are turning out ships that are the equal to any in Canada and are giving absolute and entire satisfaction, according to H. H. Milburn, of Montreal, superintendent of the Canadian Government Merchant Marine. He arrived on Saturday in connection with the outfitting of the Canadian Aviator, third C. G. M. ship launched at the Wallace yards.

HELPED SETTLE.
Prince Rupert, Oct. 21.—W. E. Denning, a former Prince Rupert longshoreman, who went overseas, gaining a commission, was selected by the military at Buxton to negotiate with strikers in the recent dock tieup at Liverpool. He took an active part in helping bring about an adjustment, doing a similar successful work at Southampton and Tilbury.

SKIN TREATED WITH POSLAM QUICKLY HEALS
Broken-out, aggravated itching skin is a condition demanding the best soothing, healing, antiseptic treatment for its speedy correction. This Poslam supplies, working quickly, readily, reliably; attacking stubborn troubles like eczema with a concentrated healing energy that soon brings improvement. So little does so much and makes short work of clearing inflamed complexions overnight. Sold everywhere. For free sample write to Poslam Laboratories, 243 West 47th St., New York City. Urge your skin to become clearer, brighter, better by the daily use of Poslam Soap, medicated with Poslam.

BARNARD DEFINES CHARGES AGAINST PREMIER OF CANADA

Quotes Evidence That Sir
Robert Is Interested in Win-
nipeg Cold Storage

ANSWERS QUESTIONS ON
VARIETY OF SUBJECTS

Thomas A. Barnard, labor candidate, at his Crystal Theatre meeting last night again repeated his charges against Sir Robert Borden, Premier of Canada, and brought forth printed matter to back up what he said.

Mr. Barnard last week charged Sir Robert with being a big shareholder in a cold storage plant in Winnipeg that had been convicted of "flagrant profiteering." Last night he declared that newspapers had made fun of him for making wild assertions about the Premier participating in the profits of any such concern.

Mr. Barnard read from the evidence before the special Parliamentary committee of Gordon W. Shantz, secretary-treasurer of the Manitoba Cold Storage Company, printed in a Toronto publication called "Jack Canuck." He explained that this cold storage company is closely identified with the Ogilvie Milling Company, which has been making profits up to three hundred per cent. on flour, through the interlocking of directors, chiefly W. A. Black, who is president of the former.

Evidence of Premier's Holdings.

The candidate read as follows from the printed evidence:

"Mr. Shantz swore the company paid eight per cent. last year and carried over the surplus profits of \$50,000. Then on page 546, Shantz gets down to names. W. A. Black, he swore, is the president. He admitted this is 'Mr. Black of the Ogilvie Flour Mills, of Montreal.' Among the directors appeared the name of R. J. Mackenzie, which further cross-examination disclosed is 'Rod' Mackenzie, of Mackenzie & Mann, son of Sir William Mackenzie. Next among the large stockholders was mentioned Sir Robert Borden, Premier of the Dominion, holding \$9,500 worth of stock."

"Now we are tremendously shocked to find Sir Robert with investments in an industry around which there is so much criticism just now, when food profiteering is such a delicate subject," continued Mr. Barnard.

"Then, too, finding the Premier linked up by his investments with Rod Mackenzie and a leading representative of the milling industry, has not improved the tone of criticism."

"Just think of the state of affairs! Here we have Sir Robert Borden, Prime Minister of Canada, holding stock in one of the worst companies there is in Canada to-day. He wouldn't exist as Prime Minister of England for five minutes if he had such connections. You remember the fuss there was because Lloyd George had invested a little of his money in the Marconi Company. And yet Dr. Toimie and other speakers here stand up and say the Union Government is all right and a good Government for the people of Canada."

"We simply have a corrupt Government that shelters profiteers and the Prime Minister is a big shareholder in one of the worst of the companies. The Government is rotten at its very heart."

Meets Frank Higgins.

Mr. Barnard in his speech last night dealt with a large variety of subjects, which were brought up chiefly in the form of written questions by electors.

"I had the pleasure of being introduced to Frank Higgins, K.C., today," he said. "This is the man who has called us red devils, nihilists, anarchists and all the rest. I sized that man up to-day and he looks physically fit and I think that if he had been so anxious to stand for the old flag he could have got over to the front. There were men older than he who served. It fit fits a man like Mr. Higgins to cast slurs on me and call me a red devil when I have been over to the front defending our country. The best stroke Dr. Toimie did me was when he put that man on the platform to slander me."

"Then I remember that the other man who got up, Frank Andrews. His influence is on your children in the High School, where he is a teacher. A man who can get up and talk like

1 2

MY WHOLE LIFE

was spent in trying to cure an ulcer by using ordinary ointments," writes Mrs. Jeffrey, of 21 French Street, Methuen. "Then I heard of Zam-Buk, used it, and am now completely cured."

"Thirty-three years ago the ulcer appeared on my ankle, and gradually spread to my knee. The pain was terrific. For years I could hardly walk and had to remain in the house. For twenty-five years I received doctors' treatment but got only temporary relief."

"Then I heard of some wonderful cures worked by Zam-Buk and commenced using it. The relief experienced was wonderful. The inflammation was gradually drawn out. The pain was soon ended, and at last after thirty-three years of misery, I was on the road to recovery. To cut a long story short—perseverance with this wonderful balm resulted in a complete and permanent cure."

Zam-Buk is also unequalled for eczema, ringworm, abscesses, boils, blood-poisoning, burns, scalds, cuts, and all skin injuries. All druggists or Zam-Buk Co., Toronto, Ont. box, 3 for \$1.25.

Zam-Buk

Mr. Andrews did not fit man to teach your children."

Forgot American Pension Scale.

Mr. Barnard again emphasized the difference in the pension paid the wife of a private, which is \$48 a month and that paid the wife of a colonel, \$151 a month. He said that Dr. Toimie in comparing the pension scales of Canada with other countries to show how generous the Canadian pensions were had neglected to say anything about the United States scale. He declared that the American pensions are practically double those of Canada. While the Canadian pensions are based on \$50 a month, the American start at \$80 and rise in proportion to the size of the family. The American pensions, he added, have also been increased recently, which example the Canadian Government should follow.

Deals with Sergt.-Major.

Amid applause, Mr. Barnard announced that Sir Joseph Flavelle, who had come "into disrepute because of his bacon profits is not manipulating with hides to put up the price of boots."

Dealing with Sergt.-Major Mee, who signed his nomination papers and then went over to the Toimie camp, Mr. Barnard said: "I don't propose to say one word against any commander who has fought with me in the trenches. Comrade Mee has not come to me and said that he has forsaken me. It is a peculiar thing when you commit yourself in writing you should go away and change within an hour. I don't think people change their minds that way unless they have had some hooch."

He denied that he had authorized the sale of the "Red Flag" or that he was a Bolshevik "as the newspapers give you to understand." "If Jesus were here now these newspapers would be out calling him a Bolshevik," he added.

Not Related to Governor.

"It is rumored that I am a relation to the Lieutenant-Governor," he said in taking up another question. "If there is any relation it must be some relation in the remote days that Darwin wrote about. I do not think there is any relation. He doesn't recognize me anyway."

Mr. Barnard declared that Dr. Toimie has refused to assist in getting the hours of polling lengthened to 7 o'clock, "so the workers can have time to vote."

He also declared that the reason why the lifeboat is not being operated at Bamfield is that the Government is not paying enough for the returned soldiers to live on who should be operating it. They are being paid only \$65 a month.

He drew to the attention of returned men looking for a good job the fact that A. Dewitt Foster, the

former Conservative member for King's, Nova Scotia, who was convicted during the war of selling for a good price to the Government a horse that had been turned down as decrepid in the South African war, and who was compelled to retire, had been solicited to look after by the Union Government, and now is superintendent of natural resources for the Canadian National Railways at Chicago.

He endorsed the claim of the Imperialists who had gone from Canada to England during the war to treatment as generous as men who served in the Canadian forces are receiving.

Attacks General Leckie.

Mr. Barnard then attacked Major-General G. Edwards Leckie, O. C. of Military District No. 11. This was because General Leckie in The Times of last Saturday refuted statements that Mr. Barnard had made about him at the Gosworth Road meeting last week.

"I have not made one statement in this campaign unless I could back it up," said Mr. Barnard. "I am not here to tell lies or to make statements that are not true. During the election of 1917 I wrote to the O. C. of Military District No. 11 asking permission to appear on the Unionist platform in military uniform. I was always under the impression that that gentleman was General Leckie. To that letter addressed to General Leckie, I got a reply stating that I could go on the political platform in uniform. Letters never forget, although General Leckie may think other people do."

"Then General Leckie says that he had nothing to do with Capt. Whittaker should come to Victoria to speak for me."

Mr. Barnard then read Capt. Whittaker's telegram in which he stated that "my O. C. finds it impossible to give permission to attend a meeting."

"This is quite definite," continued Mr. Barnard. "General Leckie is O. C. If Capt. Whittaker had said C. O., it would have referred to a different man, but there is only one O. C. and that is General Leckie."

Mr. Barnard declared that Dr. Toimie, from his nomination papers stood only for the brokers and retired persons of this city, while his papers were signed by workers and "the real people of Victoria."

There was great cheering during the meeting when it was announced that the House Government had been defeated in Ontario by the United Farmers and Liberals.

RETURNED MEN TO HELP VICTORY LOAN

A Full Sized Tank at Victoria
Loan Office Among Novel-
ties Planned

Returned men will throw themselves energetically into the Victory Loan campaign for \$5,000,000, as they did last year. There has been talk of another dugout, which proved such a success last year, being opened, but a number of other suggestions are also being considered and will be decided upon in the next few days.

Brigadier-General Clark's idea of a tank has been accepted with enthusiasm. Very few people are familiar except through pictures with the massive steel monsters that crossed no man's land vomiting death and destruction. The Brigadier's idea is to have a tank constructed to represent the latest of the massive war weapons. Inside the tank would be the office where the veterans would sign up the subscribers to the bonds, which, as the posters say, "will help to finish the job."

Many other ideas have resulted from the fertile brains of Comrades of the Great War and Great War Veterans who are joining forces to carry out the returned men's share of the task.

VANCOUVER ISLAND NEWS

Nanaimo's Victory Loan 1919 Committee met Friday night and adopted as the slogan for the campaign "Half a Million for Nanaimo." While the city's allotment has been placed at \$500,000 the committee feels this mark can be passed and is setting out to dispose of at least \$500,000 worth of Victory bonds in Nanaimo and district.

The selling of bonds will be in the hands of a picked team of twenty official canvassers who are pledged to devote the greater part of their time to the work. The district which extends from Nanaimo River on the south to Grant Mine on the north will be sub-divided into ten districts with two canvassers for each section, and by this plan of operations it is believed every house will be canvassed and every available dollar unearthed for the purchase of bonds.

The local headquarters will be next the Electric Light Company's office in the Windsor Block where on Tuesday evening next to complete arrangements for the campaign.

Encountered a Bear.

Mr. W. G. Fraser spent a couple of days at Courtenay the early part of the week, says the Ladysmith Chronicle, and had rather a startling experience on his return home. Leaving at 3 o'clock in the morning with a couple of friends in an Overland car the occupants when on this side of Union Bay observed that a big black bear was directly in their path a few feet distant. The lights had apparently dazzled the brute and he was making no effort to get out of the way. The driver took in the situation at a glance and managed to

turn far enough over to escape a head-on collision. Even at that the car grazed the hind quarters of the animal, but no serious damage resulted on either side. If the driver had delayed a fraction of a second there would have been a bad mix-up and in all probability a wrecked car and a delay on the road for some hours in darkness with an unfurled bear.

Nanaimo's Memorial. The general committee will be considered by the memorial committee next Tuesday evening, one by a firm of Vancouver architects, and the other by a local returned soldier.

Fishing Spawning.

Mr. J. McHugh, engineer of the Dominion Fisheries, is now engaged on a tour of the East Coast of the island, where he will superintend the clearing of obstructions from the streams in that locality to facilitate spawning operations.

New Island Line.

Preliminary work on the clearing of the right-of-way for the E. & N. railway branch line from Alberni to Great Central Lake, is progressing rapidly. A sub-contract for the first four miles has been let to M. B. Carlin, of Victoria, who expects to have a crew of men at work this week.

A Nanaimo Appointment.

With the appointment of T. J. Corley, to the position of managing editor of the "Retailer," George S. Hougham, formerly of Nanaimo, is now acting as Provincial Secretary of the Retail Merchants' Association.

Domestic Science Work.

On Thursday J. Kyle, director of technical education in the Province, visited Ladysmith and met the School Trustees on several important matters. One of the chief of these was the question of installing domestic science equipment in the public school and starting classes immediately for the High School and public school pupils. After a discussion following an address given by Mr. Kyle it was decided that the matter be taken up at once, and Trustee Mrs. Dixon was given authority to proceed at once with the buying of

the equipment. A teacher will be engaged at the earliest moment. A word of thanks was accorded the Women's Institute for the interest taken by the ladies in this matter. They have canvassed the city for the last few days getting contributions to help pay for the equipment. The course will include cooking, sewing, darning, in fact all the subjects usually connected with a household economics course. The matter of night schools was left over to next Wednesday evening, when the board will meet in camera to discuss the matter and appoint the members of the staff.

Public Library.

The balance required for starting the Nanaimo Public Library is being obtained through the banks and public schools. Boxes for contributions will be placed in the banks, and the school principals will lay the matter before the pupils.

On water alone a horse can live twenty-five days, but he will only last five days eating solid food without drinking.

The WHYS and WHEREFORES OF THE

NELSON DAY CAMPAIGN for \$500,000 October 21-22-23

"Canadians Must Sail The Seas"

The Making of a Canadian Seaman

THE RAW MATERIAL

THE PROCESS

THE FINISHED PRODUCT

To build up our national and individual wealth we must market our great resources.

To do that we must have a mercantile fleet to reach the export markets.

To reach the markets we are building ships and must be able to man them with Canadian seamen.

To get the Canadian seamen we must train Canadian boys in seamanship.

To train the boys we must have the Boys' Naval Brigades.

To conduct the Boys' Naval Brigades the Navy League must have money.

To raise the money the Nelson Day Campaign for \$500,000 is being held today and the two following days.

THEREFORE

To build up our national and individual wealth all loyal Canadians must give liberally.

CANADA FIELD FOR FOREIGN MONEY

Canadian Securities in High Repute
in World's Markets.

"Canpacs," the shares of the Canadian Pacific Railway, is the most widely known stock in the world. In ordinary times they were traded in on every stock exchange. All countries knew "Canpacs."

Similarly Canadian securities were known in every country, particularly in wealthy countries with considerable money to invest. With the English investor Government and Municipal bonds, and bonds of our best industries and railways were in preference. French people seemed to prefer securities of a more speculative character such as industrial stocks.

Considerable of the stock in the largest Canadian gold mine is held in France.

Before the war shut down the

stream of investment money from across the water it was estimated, in figures given by Sir George Paist, that Great Britain had sent to Canada \$2,419,464,000. Since 1914 the United States has been the most active in Canadian investment and according to a compilation recently made \$265,000,000 has been invested here in American branch factories alone.

Investors in outside countries have always shown great readiness to snap up offerings of Canadian securities. And if conditions were normal Canadians would not now be able to secure Victory Bonds at their high yield, for outside investors would offer prices that would bring down the interest return.

Another Case of Blood Poisoning

Persisted in paring his corns with a razor. Foolish when cure is so painless and sure with Putnam's Corn Extractor. Use Putnam's only—it is the best—guaranteed and painless price 25c at all dealers.

MUTT AND JEFF

SIR SIDNEY, I KNEW YOU'D GET TO UNDERSTAND BASE BALL ALL RIGHT. IT'S REALLY SIMPLER THAN CRICKET.

BUT, OLD DEAR, TELL ME WHY THE AMERICAN LEAGUE ALWAYS WINS THE WORLD'S SERIES?

THE EXPERTS CLAIM THAT THE AMERICAN LEAGUE PLAYS A SWAPPER BRAND OF BALL. LOOK AT THE CRACK PITCHERS IN THAT LEAGUE!

I FANCY THERE ARE NONE BETTER THAN CROTTIE AND JOHNSON.

YOU SAID AN EAR-FUL. IT'S TOO BAD JOHNSON IS ON A PUNK TEAM LIKE THE SENATORS. GEE, YOU'VE GOT ONTO THE GAME QUICK.

I WONDER WHO KID GLEASON WILL PITCH IN THE SERIES.

I RECKON HE'LL HAVE TO DEPEND MOSTLY ON CROTTIE AND WILLIAMS!

BUT I SAY, OLD DEAR—

IF JOHNSON'S SUCH A RIPPING GOOD TWIRLER, WHY WON'T THE KID START HIM IN A COUPLE OF GAMES?

"SAY, BOYS"

You know how good it feels to have clean, soft hands after a hard day's work. You will always feel that way, every evening, no matter how hard or dirty your work may be, if you wash with

"FRAM"

The Working Man's Soap.
OF ALL GROCERY, HARDWARE AND DRUG STORES

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Aspirin, to be genuine, must be marked with the "Bayer Cross" just like your check must have your signature. Look for the "Bayer Cross." Then you are getting the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monacalceidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuritis, Lumbago, Rheumatism, Neuralgia, Joint Pains, and Pain generally. Ten boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

CITY COUNCIL ONCE MORE TAKES ISSUE

Mayor Porter Will Again Consult Premier Concerning Johnson Street Bridge

Under the head of "unfinished business" the City Council last night once more got into grips with the Johnson Street bridge matter, when it developed that certain obstacles stand in the way of successful negotiations being carried through which will place the aldermen in a rather embarrassing position when the time comes to seeking re-election at the polls in January.

It is the Canadian Pacific Railway's objection to allowing competing companies to operate over the proposed bridge that is alleged to have brought matters to a standstill. Mayor Porter said that unless the C. P. R. changed its attitude the Provincial Government would surely refuse financial aid and that few aldermen would at the end of the civic year go on the platform and endorse the bridge by-law.

Alderman Sargent seemed to express the opinion of most of the aldermen when he remarked that the city would be virtually giving \$100,000 to provide accommodation for the C. P. R. and the company was willing to contribute \$100,000 only on condition that it had all its own way in the matter.

Company's Position.

The attitude of the C. P. R. is explained in the following letter which was sent Mayor Porter by President E. W. Beatty, of the C. P. R.:

"While I am quite agreeable that, if the by-law is defeated, the position of the parties should remain as it is, each reserving its legal rights, whatever they may be, I do not think that we would be justified in consenting to the suggestion that the British Columbia Electric be allowed to handle freight cars other than its own over the bridge.

"This suggestion would simply result in throwing open to our competitors, under color of the B. C. Company's operations, our valuable terminals which have been established for many years on their present location, which is the most convenient one for our own purposes.

"To my mind it would be quite unreasonable to expect us to agree to such a proposal, and I trust that upon reconsideration your Council will be able to take this view of the matter and permit the agreement to be submitted."

Since the receipt of the above letter Grant Hall, vice-president of the company, wired the Mayor that an amendment might be brought in which would remedy the matter.

Suggests Legislation.

The Mayor said that Premier Oliver had intimated that legislation might be passed compelling the company to relinquish its claim, but Alderman Sargent remarked: "If you try to get legislation against the C. P. R. you will be at it for some time."

Alderman Fullerton remarked that the C. P. R. had some rights in the matter. They were the first on the ground and since they were willing to make some considerable outlay to secure privileges, other companies should be willing to contribute a share.

Alderman Sargent replied that other companies would not stand for such an arrangement. The C. P. R. knew what it was doing, and it was not giving away anything for nothing when it agreed to contribute \$100,000. If the agreement went through as the C. P. R. wanted it, the Council would be "forever slammed for tying up a corporation."

Alderman Andros pointed out that there was no question of refusing cars passage over the bridge, the C. P. R. only wanted the right to charge on cars of competing companies.

Mayor Porter was strongly inclined to rely on Premier Oliver to get the matter out of the mire, and it was finally decided that he would confer with the Premier before the next Council meeting.

"That's passing the buck," said Alderman Andros, "and, besides, I don't think the Premier will get very far."

"The Premier doesn't talk about things of which he knows nothing," remarked Alderman Harvey.

"Then he is unlike some of the members of this Council," replied Alderman Andros.

During the discussion a slight reference was made to the old Red River bridge, Winnipeg, which the C. P. R. talked of bringing here.

THE C. TURNBULL COMPANY of Galt, Limited

SCHOLARSHIP PLAN RECEIVES SUPPORT

Hon. Philippe Roy, Commissioner in Paris, Explains Proposal

Canadians have left a splendid memory in France, not only for the prowess of the military corps in the war, but on account of their consideration for the women and children in the devastated area, according to Hon. Philippe Roy, Canadian Commissioner General in Paris, who arrived in the city yesterday.

Dr. Roy stated that no expeditionary force in France has left a better impression than the C. E. F., and for that purpose it is now proposed to create a permanent memorial of the close relations between France and Canada in the past five years.

Scholarship Plan.

Dr. Roy then explained to The Times that the plan he has in mind is to establish a number of scholarships for graduates of Canadian educational institutions in Paris, the cost of such scholarships to be borne by the respective provinces. These scholarships would be tenable in Paris for a term of years. He believes thereby a better understanding would be reached between the countries, as the graduates on their return would become centres of influence radiating a knowledge of French customs, literature and aspirations.

On the other hand the broadening of a Canadian sentiment would be attained, the speaker pointed out, by bringing the parties together in a hostel to be established in Paris during their post graduate course. In that regard he stated a public subscription would be invited throughout the Dominion towards the cost of the hostel and furnishing it, and he hoped to have a ready response from all sections of the community, irrespective of the amounts paid.

Success So Far.

So far the Quebec and Ontario Governments have each expressed a willingness to subscribe for five scholarships of twelve hundred dollars, and the Alberta Government has agreed to take three scholarships.

Yesterday Dr. Roy met the cabinet here, when he received hearty support from Mr. Farris, the Acting Premier, and Dr. MacLean, as a consequence of which the British Columbia Government will undertake to provide three scholarships. Dr. Roy will proceed to Regina and Winnipeg now to secure the participation of the Saskatchewan and Manitoba Governments respectively. He expressed his satisfaction at the hearty way in which the Provincial executive had taken up the project.

A Hard Winter.

"The winter season will be a hard one in Paris," said Dr. Roy "owing to the shortage of fuel. It will be probably the hardest winter since the war began for many people. The strikes have delayed shipments from Great Britain, and while the French have been securing fuel from the United States and Belgium, the supply is not equal to the requirement, and therefore will be inadequate to meet the needs of the country. Food supplies are also very scarce, the drain on provisions during the last few years having been excessive.

Dr. Roy has visited the devastated areas of Northern France on several occasions, and states the rehabilitation of the country will occupy a long time. Not until next year will there be a large immigration into the area, over which the tide of war flowed.

One feature in connection with the development of the trade between France and Canada is the export of French wines, liqueurs and similar liquid commodities to Canada, and it appears from Dr. Roy that the exporters there are watching with some interest the advent of prohibition, and its growth throughout the Dominion.

It is six years since Dr. Roy was last in Canada.

REVERTS TO OWNER

New England Hotel Sold For Taxes Is Redeemed.

By paying the price with interest, something over \$7,000, obtained by the city from the sale of the New England Hotel, which was disposed

of for arrears of taxes, Michael Young yesterday again came into possession of a property which he has owned for over forty years.

Thomas Kelway, who purchased the property at the tax sale, has been paid off, and Mr. Young is again the registered owner. The property was assessed at \$50,000.
